THE PURCHASE OF A

PIANO

Is an important matter and should be thoroughly considered at every point. There are two great dangers surrounding such a purchase. That of paying too much and that of paying too little. The first danger is caused by unprincipled and irresponsible dealers trying to sell ordinary instruments as high grade Pianos at prices way above their value. The second danger lies in buying so cheap a Piano that in a short time one finds they have a veritable rat-trap not worth a cent.

There is every advantage in buying a Piano here, for we place our business reputation and capital back of every transaction and statement we make. We are the only house in Duluth or Superior buying all instruments out and out for cash, which gives us a great advantage in price. We also have a large business in other lines which enables us to handle Pianos at one-half the expense of the ordinary stores. We guarantee a SAVING TO CUSTOMERS OF FROM \$25 TO \$100 ON ANY PIANO--GRADE FOR GRADE.

THE EASIEST OF EASY
TERMS OF PAYMENT.

THE BIG WIRE TRUST.

Not Yet Incorporated By the Illinois
Authorities.

Springfield, Ill., Jan. 22.—As yet the secretary of state has not issued the license to incorporate under the laws of the state to the mammoth wire trust of Chicago, with a capital of \$5,000,000. Judge Gary, of Chicago, who is named as one of the incorporators, claims the reason is that the incorporators do not know as yet what their capital stock will be.

A New York syndicate headed by J. P. Morgan will control about two-thirds of the entire capital stock. The trust at present has contracts to take up two plants at Duluth, two at Pittsburgh, Pa., two at Worcester, Mass., one at Waukegan, one at Cleveland, one at Allentown, Pa., one at St. Louis and one in Kansas.

McKENNA IS CONFIRMED.

California Jurist Will Occupy a
Supreme Court Bench.

Washington, Jan. 22.—Attorney General McKenna has been confirmed as justice of the supreme court. Senator Allen occupied the entire executive session yesterday with his speech in opposition to confirmation, though there were brief remarks by Senators Turner and Wilson of Washington and others favorable to Mr. McKenna.

Senator Allen did not insist on a roll call when the vote was taken, and the vote was overwhelmingly favorable to confirmation.

SNAKE RIVER STEAMER.

Which Will Help Mining in Oregon
and Idaho.

Portland, Ore., Jan. 22.—A steamer to be used on the Snake River has been shipped in sections from this city by rail to Huntington, Ore. This is an incident in a big scheme of mining development in eastern Oregon and Idaho. The development plan includes the construction and working of mines and building and operating shanties, railroads, and steamships.

Base B. Blake, of New York, president of the Snake River Steamer Co.,

has been in the city for several days, and is expected to leave for Huntington, Ore., tomorrow.

The steamer will be a 100-foot tug, with a 100-horsepower engine, and will be able to carry 100 tons of cargo.

The steamer will be a 100-foot tug, with a 100-horsepower engine, and will be able to carry 100 tons of cargo.

The steamer will be a 100-foot tug, with a 100-horsepower engine, and will be able to carry 100 tons of cargo.

ATTORNEY
GENERAL

John W. Griggs, of New Jersey,
Appointed By President McKinley.

A DAY IN CONGRESS

House and Senate Made Today
a Sort of Cleaning
Up Period.

Washington, Jan. 22.—The president today sent these nominations to the senate:

State—John W. Griggs, of New Jersey, to be attorney general; Seth Merrill, of Massachusetts, to be consul at Jerusalem, Syria. To be collectors of customs: C. Wesley Thomas, at Philadelphia, Pa.; Domingo M. Pappay, at St. Augustine, Fla.

Interior—St. Clair A. Mulholland, pension agent at Philadelphia; Henry S. Chubb, receiver of public money at the Philadelphia mint; John H. Rogers, register of the land office at Gainesville, Fla.

Justice—John F. Horr, marshal of the district of Florida; John Egan, attorney of the United States for the northern district of Alabama.

BAILEY IS WATCHFUL.

House Makes a Sort of General
Clearance of Scraps.

Washington, Jan. 22.—In the house today some odds and ends of legislation were cleaned up by unanimous consent. A bill was passed declaring a bridge across the Tallahatchie river in Tallahatchie county, Miss., a lawful structure. On motion of Mr. Cooper a bill was passed appropriating \$15,000 for operating a dredge boat at Sabine pass, Texas.

Mr. Hitt, chairman of the foreign affairs committee, submitted a privileged report from his committee, recommending the passage of a resolution of inquiry, requesting the state department, if not incompatible with public interest, to transmit to the house all information in its possession relative to the military execution of Col. Ruiz, a Spanish envoy to the insurgent camp of Aranguez.

The resolution was adopted without division. Mr. Hitt also dropped back with an unfavorable recommendation of the Lewis resolution calling on the state department for the Hawaiian drafts for payment for what arrangements were made for the Hawaiian draft of \$40,000 out of the public treasury.

Mr. Hitt also dropped back with a resolution providing that the resolution of the house should be a question of importance and that could be inquired into with propriety.

Mr. Hitt cut off further debate with a demand for the previous question. The demand was sustained.

Mr. Dismore, the minority member of the foreign affairs committee, stated that the report of the committee was unanimous, as it appeared to them that the main purpose of the resolution was to procure a copy of the treaty which had already been printed. He would like to sustain the resolution.

Mr. Bailey declared that he was unwilling to lay on the table a resolution which sought to obtain the president's authority for contracting to pay out \$40,000 of the public funds. The resolution was laid on the table, 124 to 95.

At this point Mr. Bailey, the Democratic leader, created something of a flurry by rising to a question of personal privilege in connection with his controversy with Speaker Russell at the close of the Cuban debate last Thursday.

IN THE SENATE
Washington, Jan. 22.—President McKinley's message to the senate at the opening of today's session of the senate was a stand of beautiful American beauty and brave defense of a woman's honor.

Mr. Allen, chairman of the committee on the judiciary, introduced a bill providing for the publication of the pension roll. Mr. Gallinger offered an amendment to the pension bill providing that hereafter no pension shall be paid on power of attorney from pensioners residing in foreign countries.

The resolution of Mr. Teller providing that loads of the United States mail be paid in silver dollars was then laid before the senate, and in accordance with tradition was referred to the committee on the judiciary.

He said that the disregard for the resolution, which is already a law, is a disgrace to the senate. He attributed the calamities upon the land, and that the results of such disregard had been disastrous and lamentable. He attributed the panic of 1893 directly to the disregard of the law.

At the conclusion of Mr. Stewart's speech Mr. Nelson offered the following amendment to the Teller resolution: "And that it is the duty of the government of the United States, under existing laws, to maintain the parity in value of its gold and silver money, so that the dollar of the one metal shall, for all monetary purposes, always be equal in value to the dollar of the other metal."

A MARINETTE BOOM.
Menominee, Mich., Jan. 22.—Marquette Wis., capitalists have subscribed \$300,000 and organized a stock company to carry on the manufacture of farming implements. The big plant of A. W. Stevens & Co., at Marquette, N. Y., is to be removed and located in Marinette, just across the river from this city. The factory buildings will cover ten acres and upwards of 200 hands will be employed in the work.

WILL GO TO CHINA.
Detroit, Mich., Jan. 22.—President Egan of the Detroit College has been asked by the American board of missions to be one of the delegates to the mission to China, and after much deliberation he has accepted the assignment.

Mr. Egan will be accompanied by Dr. J. M. Wilkinson, who is now in the city, and will be absent four months. He will sail on Jan. 31 from Vancouver.

MARQUETTE BANK CLOSURE.
Marquette, Mich., Jan. 22.—Wilkinson's bank has been closed today.

Mr. Wilkinson has made an assignment to his son, E. C. Wilkinson, and son-in-law, E. Miller. The assignment was made to protect the interests of the estate of J. M. Wilkinson, who is now in the city, and will be absent four months. He will sail on Jan. 31 from Vancouver.

McCOMAS CONTINUES TO GAIN SOME EACH BALLOT.
Annapolis, Md., Jan. 22.—The eighth ballot for United States senator today at noon resulted as follows: McComas, 46; Gorman, 46; Shaw, 16; Shryock, 2; Findlay, 2. Total, 112.

After taking one ballot the convention adjourned until Monday at noon. Senator Emery, of Idaho county, and Delegate Hall, of Idaho, both of whom left Maj. Shaw, Delegate Hall also departed, leaving a net loss of 2 for Findlay, making a net loss of 2 for Shaw.

A MYSTERY CLEARED.
Woman Arrested for Causing Wisconsin Central Train Wreck.

Black River Falls, Wis., Jan. 22.—An attempt to wreck a passenger train, with revenge for the killing of a horse as the motive, is the charge against Mary Miles, arrested here last evening. Detectives say the evidence against her is positive and that her arrests will follow, clearing up a mystery of nearly four years' standing.

The crime with which she is charged was committed near Withee during June, 1894. A horse owned by her was killed by a passing Wisconsin Central train and the company refused damages. In revenge, it is alleged, she placed a stick in a culvert, which was struck by a freight train, doing considerable damage, but the wreck was attended with no loss of life.

Funny Joke Played on a
Young Unmarried Doctor
In Brooklyn.

New York, Jan. 22.—Dr. Murray Lohenthal, a young unmarried and devoted physician of Brooklyn, found a very aristocratic looking letter in his mail the other day. When he had nervously torn open the envelope and unfolded the note, his eyes started out when he found therein the signature "Grover Cleveland." The letter ran:

"Princeton, Jan. 17, 1898.—Dr. Murray Lohenthal, 623 Carroll street, Brooklyn. Dear Sir: I cheerfully accede to your request, and acknowledge the compliment paid to my wife and daughter by leaving their names upon your twin daughters, and I have their children may be spared to be of constant comfort and joy to their parents. Sincerely yours,

"GROVER CLEVELAND."

Dr. Lohenthal had been acquainted with the ex-president, but he could not understand how the letter had come to him. He was so much interested in the matter that he wrote to the president, asking him to explain the matter.

He was told that the letter was a joke played on him by a friend of his, who had written to him, asking him to explain the matter.

HENRY ATHENS.

A Story of Wisdom and Folly.

the same, the result had been disastrous. Instead of holding the irons together and thus securing a perfectly flat bottom, the sharp square edges, I had round bottoms and edges duller than when I began. Now, there was a great rivalry between my brother and myself in skating. Each claimed to be faster than the other and each had some warrant for the claim, for he sometimes won when we raced, while sometimes I came out ahead. On the day after I had ground my skates I fell far behind. My irons were so dull that they would not take hold of the

CARE IS REQUIRED

That milk may be the means of spreading cholera has been proved beyond doubt in several cases. The cholera bacillus is not, however, capable of living long in milk. In ordinary milk, it seems to be killed in the course of twenty-four hours; in boiled milk, however, it is capable of multiplying abundantly. The reason for this is to be found in the fact that in unboiled milk

Brouncker quotes a case, where five out of fourteen young girls living together in a boardinghouse became consumptive, subsequent to the daily use in the establishment of milk from a tuberculous cow. In London hospitals

WARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY. It is a well known fact that mercury is a deadly poison, and that its use in ointments is a complete and deliberate deception upon the patient when entering it through the mucous surfaces. Such articles should never be used, and the patient should consult reliable physicians, as the damage they do is tenfold to the good you can obtain from the Catarrh Ointment, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is a safe remedy. It is applied to the blood and internally, acting directly on the system. In buying Hall's Catarrh Cure are you got the genuine. It is taken with the Catarrh Ointment, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle.

to take a special course. Almost all of the special courses are covered by the leading educators in the world. The pupils have health and sports and even have their own committees of both ten and fifteen of National Educational association are proud on that point, and that a should stick to some one course, never expects a finish or not. Excellence also shows that special sometimes lose interest. Fortunately present a number of Duluth's special are studying with a view to finishing some particular work, and they probably will get back into regular course.

DULUTH EVENING HERALD.

FIFTEENTH YEAR

MONDAY, JANUARY 24, 1898.

FIVE O'CLOCK EDITION:

TWO CENTS.

A step ahead of the others in quality and a step behind them in price. Experience has proved this.

THESE ARE THE DAYS when we lose money wisely. We let profits—and some of the cost—go that we may enter the spring markets with empty tables and ready cash. This is why these discount prices of 15 to 50 per cent are made. This is why you can now buy our kind of clothing—the country's best beyond dispute—for the price of inferior goods. There's a great difference in clothing and you always get the best of that difference with us. Clothing is not all. The Discount Prices include each and every garment, each and every article throughout our mammoth stock.

To be sure, before we inaugurated this Special Discount Sale our prices were the lowest in the city for thoroughly best goods. Now they are still lower. We believe the fairest and best way to make a straight-out sale is to take a discount from every article and garment in the store, not excepting anything.

15 TO 50 PER CENT OFF THE REGULAR PRICES, WITHOUT RESERVATION.

CALIFORNIA'S JUBILEE.
All the Living Pioneers Will Be Present and Participate.

San Francisco, Jan. 24.—The splendor of the celebration of the golden jubilee of California, which began today, is not likely to be surpassed for many a year to come. The entire state has gladly responded to the appeals of the miners, pioneers and native sons and daughters, and from now until the close of the carnival week San Francisco will be the mecca towards which all travel west of the Sierra will be turned.

GERMANY'S INTENTION.
Will Open Kiao Chou to Commerce of the World.

Berlin, Jan. 24.—The following semi-official announcement was made today: The statements regarding Germany's intention to open the port of Kiao Chou to the commerce of the world are practically correct. Germany desires that its policy in China should be of a liberal character, not interfering with the commerce of other nations.

MARYLAND'S DEADLOCK.
McComas Gains Three Votes Since Saturday's Ballots.

Annapolis, Md., Jan. 24.—The ninth ballot for United States senator taken today at noon resulted as follows: McComas, 48; Gorman, 42; Findlay, 2; Shaw, 17.

WILL SUPPORT ENGLAND.

United States Approves Her Plan of Keeping Chinese Ports Open.

New York, Jan. 24.—There is reason to believe that the moral influence of the United States will support Great Britain in her efforts to keep China open to the commerce of the world, against the Washington correspondent of the Herald. The only active step which the administration has taken in the matter will be to enter into negotiations with Germany respecting the treatment of American ships entering Kiao Chou and such other ports in China as may be seized in the future by Russia or Japan.

"If China has leased Kiao Chou on the condition that it shall be opened by the administration, it will mean that the commerce of all nations will be allowed unrestricted entry thereto. If, as we believe, however, Kiao Chou should be leased to Germany without conditions, then Germany will have the right, and will undoubtedly

exercise it, to put in operation port and customs regulations such as are now in force in German ports.

The United States cannot make objection to the extension of such regulations to Kiao Chou in such an event, for it will be German soil to all intents and purposes, as in Hamburg; however, the administration will expect from Germany privileges that may be granted by her to any other nation, and will therefore, reap the advantages which Great Britain's attitude against this shutting of the Chinese door to the commerce of the world will give. It is required in accordance with the articles of a treaty between Prussia and the United States which provides: "If either party shall hereafter grant to any other nation any particular favor of navigation or commerce, it shall immediately become common to the other party, freely where it is freely granted to such nation, or yielding the same compensation when the grant is conditional."

GLADSTONE'S HEALTH.

Pall Mail Gazette Says It Is Very Precarious.

London, Jan. 24.—The Pall Mail Gazette this afternoon says: "Our latest information in regard to Mr. Gladstone's condition is that it continues to be most grave. There has been no improvement since our announcement of Wednesday. We say this, in spite of all statements to the contrary and with full sense of our responsibility in doing so."

RIOTING IN ALGIERS.

Feeling Against the Jews There Is Very Strong.

Algiers, Jan. 24.—Further rioting occurred here at 9 o'clock this morning, when it was learned that a Hebrew had stabbed a Spaniard. A mob gathered, attacked and looted the Hebrew stores.

PRESS CENSORSHIP ABOLISHED.

Havana, Jan. 24.—The censorship over foreign newspapers has been abolished.

OCEAN STEAMSHIPS.
Have Arrived: Lagascagne, New York.

ORDERED TO CUBA

Big Battleship Maine Is Sent to Cuba on a Peaceful Errand.

A NEIGHBORLY CALL

And Merely Resuming an Old Practice Dropped Some Years Ago.

Washington, Jan. 24.—The United States battleship Maine has been ordered to Havana. It is said that the department that no disturbing news has been received from there, but that the movement is rather in the line of resumption of free intercourse of our naval vessels in Cuban waters, the same as prevailed prior to their withdrawal on account of the outbreak of hostilities.

It was evident that the decision to send the Maine to Havana for a visit was not arrived at hastily, from the events that preceded the announcement of the decision. For some time past administration officials have been of the opinion that a mistake was committed by the preceding administration in deciding out of executive caution, and an overreaching regard for the sensibilities of the Spanish public to abandon the practice which had been pursued by our navy department for years past of sending our ships at intervals on cruises through the West Indies with frequent stops at Havana.

It is not regarded as keeping with our national pride that this action should have been abandoned or suspended, and it was believed that the decision to send our ships to Havana was not a war measure, when in fact nothing was further from the intention of the president.

The first movement in the direction of the old practice was made last fall, before the assembling of congress, when Secretary Long announced his purpose to send the Maine to Havana for a visit to the Dry Tortugas for their winter evolutions, which for several years past, or ever since the beginning of the Cuban insurrection, had been performed with difficulty and under all kinds of discouraging conditions of wind and weather off the Chesapeake bays. This movement being received with equanimity, the next step followed, when some of our little boats were sent to cruise in the West Indies, and the Maine was ordered to Havana to be in being now in those waters.

Naturally this was a more delicate step than had been called for previously, and it was felt that the decision to send the Maine to Havana was not a war measure, when in fact nothing was further from the intention of the president.

This decision was not reached without consideration of all the facts that might be involved. The Maine was ordered to Havana to be in being now in those waters.

Secretary of Navy Long was seen yesterday in regard to the movements of the ships, and said: "So far from there being any foundation for the rumors yesterday of trouble at Havana, matters are now in such condition that our vessels are going to resume their friendly calls at Cuban ports and go in and out just as the vessels of other nations do. The Maine will go in a day or two on just such a visit. The department has issued orders for vessels to attend the public celebrations at Mobile and the Mardi Gras at New Orleans, and for the torpedo boat flotilla to visit Galveston, Tex."

At the Spanish legation nothing was known of the order for the Maine to proceed to Havana. Minister Delom said that even in case it were, that it pertained nothing serious. It was perfectly in accord with usage for warships of two friendly powers to enter and leave each other's ports, the warships of Spain had visited American ports on complimentary missions three times in as many years, and if there had not been an American warship in Havana in the same length of time, it was merely because the United States government had not seen fit to order one there.

As to the possible consequences of the Maine's appearing at Havana at this time, the minister expressed himself as not at all uneasy. There was no doubt, he said, of the conservative behavior of the Spanish population in Havana and elsewhere and the only remote contingency which might lead to unpleasant consequences, was some overt act upon the part of the insurgent sympathizers committed with the purpose of embarrassing Spain and thus hectic such an incident as happened with the Maine at Manila during the insurrection in Chile. In response to an inquiry the minister said it was not customary nor a part of diplomatic usage for one country to notify the diplomatic representatives of another in advance that it intended to send a war vessel to the waters of the other.

The statement of Minister Delom makes it apparent that the Spanish government will not regard the dispatch

of the Maine to Havana as a hostile act and equivalent to a breach of the friendly relations between the two countries.

The Maine, which has been selected to make the visit to Havana for the protection of American interests, is a battleship of the second class and is regarded as one of the best ships in the new navy. She was built at the Brooklyn navy yard and is 318 feet long, 57 feet broad, 21½ mean draught, and 682 tons displacement. She has two 10-inch vertical turrets and two military masts and her motive power is furnished by twin screw vertical triple expansion engines, having a maximum horse power of 2282 capable of making a speed of 17.45 knots.

THE DUTY ON LUMBER.

Northwest Members Say It Will Not Be Reduced.

Washington, Jan. 24.—(Special to The Herald.)—While a strong effort will undoubtedly be made to secure a reduction of the duty on lumber by means of a reciprocity treaty with Canada, the Northwest representatives in congress are confident that it will be impossible to secure the ratification of any treaty of this kind made in a competitive article, and competitive articles are never included in reciprocity treaties. Any treaty of this kind must be ratified by both houses.

There is some comment upon the fact that while this industry is being threatened Congressmen Morris is junketing around the Florida winter resorts with the committee endeavoring to discover how channels and landings for yachts of Eastern millionaires can be improved.

HAUGHAN IS GUILTY.

Minneapolis' Former City Treasurer Found Guilty of Misappropriating Funds.

Minneapolis, Jan. 24.—(Special to The Herald.)—Anders J. Haughan, former city treasurer of Minneapolis, was found guilty of misappropriating funds of the city in his charge. This was the second trial, but the first time he had been found guilty. The present jury had been ordered since Saturday afternoon. A manorously being attached to the verdict recommending the defendant to the mercy of the court.

THE PROSPECT IS POOR.

Little Likelihood of a Bankruptcy Bill Passing.

Washington, Jan. 24.—(Special to The Herald.)—There is so much difference of opinion between the two houses on the bankruptcy question that there is little prospect of the passage of any bankruptcy bill this session.

OHIO RIVER CONDITIONS.

Quiet at Cincinnati But Rising at Other Places.

Cincinnati, Jan. 24.—The Ohio river has been stationary at 50 feet 3 inches for several hours, and hopes that there may not be a disastrous flood are strengthened. The river is rising at other places. But rising waters are reported from all the upper river points, the rise at Paducah, Ky., to be about twenty-four hours was 3.5 feet. At Point Pleasant, 5.5; at Portsmouth, 3.6. This means a rise here, but it is uncertain how much.

LOCOMOTIVE EXPLOSION.

Death and Destruction in a Madison Roundhouse.

Madison, Wis., Jan. 24.—By the explosion of the boiler of a locomotive standing in a roundhouse here today, three men were killed, two men seriously injured, the building and three engines wrecked. The dead are: Frank Beck, roundhouse foreman; Wesley Scheper, a Baraboo, Wis., engineer of the wrecked engine; Charles Young, of Baraboo, engineer. The seriously injured are: Fred V. Baxter, fireman, leg broken, burned, scalded; Emil Olson, machinist, scalded and burned; and George E. Roberts, of Iowa, to be killed. The explosion shook buildings in the business part of the city a mile away. The engine was steamed up ready to take out a passenger train.

BUTTERWORTH'S SUCCESSOR.

C. H. Duell, of New York, To Be Commissioner of Patents.

Washington, Jan. 24.—The president today sent the following nominations to the senate: Charles H. Duell, New York, to be commissioner of patents; George E. Roberts, of Iowa, to be director of the mint; H. G. McMillan, of Iowa, to be attorney for the Northern district of Iowa.

ANTI-HEBREW RIOTS.

St. Malo, France, Jan. 24.—There was an anti-Hebrew riot here today. The rioters burned the windows of the houses belonging to Hebrews, and the troops were obliged to assist the police in dispersing the rioters.

BRIBERY CHARGES

Allen Myers Testifies in the Legislative Bribery Investigation at Cincinnati.

GETS MUCH ENRAGED

Details Hollenbeck's Movements at and Between Columbus and Cincinnati.

Cincinnati, Jan. 24.—Allen O. Myers, Sr., was the first witness today in the legislative bribery investigation. He was at the Great Southern hotel in Columbus Jan. 7, where Mr. Kurtz and others opposing Senator Hanna were then stopping. His son, Allen O. Myers, Jr., clerk at the Gibson house in Cincinnati, called him up that night and told of Boyce's movements. The next day his son reached Columbus with copies of stenographic notes of Boyce's talk from Cincinnati over the telephone with Hanna representatives in Columbus. As the matter pertained to Republicans, he turned all over to Kurtz and introduced his son to him. Kurtz told Myers that Hollenbeck would go to Cincinnati with money. Myers detailed the shadowing of Hollenbeck from Columbus to Cincinnati and back, also the carriage drives of Boyce about Columbus.

The testimony of Myers caused quite a stir, especially when he became very angry on the cross-examination by Senator Garfield. He denied that he was party to any conspiracy in getting up the Boyce-Hollenbeck story about the bribery of Representative Otis. When Senator Garfield asked him to deny that he did not reply to anything that would incriminate himself, Myers became instantly enraged. He told about his movements to the train and even in his berth all night. Hollenbeck carried his valise to the toilet room with him and wherever he was he took his valise with him into an upper berth. He did not undress in the sleeper and received messages in code for the conductor along the route. The rest of Archer's testimony covered the shadowing of Hollenbeck from Columbus to Cincinnati and back, also the carriage drives of Boyce about Columbus.

E. H. Archer, of Columbus, deputy state railway commissioner, testified following H. H. Hollenbeck from Columbus and back in the first time being Bliss and the detectives at the depot.

Archer testified rapidly without questions being asked in order for the shadowing Hollenbeck from the house to the Columbus depot, watching his movements to the train and even in his berth all night. Hollenbeck carried his valise to the toilet room with him and wherever he was he took his valise with him into an upper berth. He did not undress in the sleeper and received messages in code for the conductor along the route. The rest of Archer's testimony covered the shadowing of Hollenbeck from Columbus to Cincinnati and back, also the carriage drives of Boyce about Columbus.

NAGARA RIVER DAMAGES.

A Storm Causes a Rise of Twenty-Five Feet.

Buffalo, Jan. 24.—A special to the News from Niagara Falls says: The Niagara river was in a rage last night owing to the heavy gale which prevailed for twenty-four hours. The water rose in the gorge about twenty-five feet. It swept over the Maid of the Mist landing and sheds and carried off boats, houseboats, lumber and pulp wood in large quantities. The scene looking on the American and Canadian rapids above the falls was a wild one. Both islands, Luna Island and Pearl of the Three Sisters were submerged and considerable damage was done to the state property.

The greatest damage was done the gorge, where sections of the gorge road were undermined and swept away. Boats, houseboats and docks on the lower river were swept away. Tonawanda creek overflowed its banks and forced the water down the Erie canal until it overflowed, causing considerable damage.

ANOTHER BICYCLE RACE.

Some Flyers Start in a Seventy-Two Hour Event.

Pittsburg, Pa., Jan. 24.—The 72-hour bicycle race began at noon today with twelve starters, including several bicyclists of national reputation. The score at the end of the first hour, p. m., was: Walter, 19 miles 7 laps; Miller, 19 miles 7 laps; Henshaw, 19 miles 7 laps; Elkos, 19 miles 7 laps; Dench, 19 miles 7 laps; Schinner, 19 miles 7 laps; Gannon, 19 miles 5 laps; Hall, 19 miles 6 laps; Stevens, 19 miles 2 laps; and 19 miles 6 laps; Walters, 19 miles 6 laps; Reppine, 19 miles 6 laps.

EXTENSIVE BREAD RIOTS.

Gallopis, Jan. 24.—There were bread riots here today. A mob of about 500 men, armed with stones and bricks, burned the street lamps and burned the government's residence and local club houses. Thirteen arrests were made.

Panton & White,

GLASS BLOOK STORE.
The Great Pre-Inventory Sale Continued For Another Week.

Dress Goods And Silks...

Isn't the style as important as the price? You'll not find old goods here at any price. Our big sales of last week give satisfactory evidence that both in STYLE and PRICE we have what you want.

To make it more interesting this week we shall add to our sale 10 pieces of Black Dress Goods from 85c, \$1.00, \$1.25 and \$1.35 at the one price of 75c.

Wash Goods and White Goods.

New things are coming in daily—styles that you cannot find anywhere else. Even in Prints and Percales we are showing handsomer designs than any other house and prices the same.

Embroideries.

Many complimentary expressions are heard from the ladies, for there is no question that we are showing the handsomest line and the big sales of last week is testimony enough.

Our Cloak Room does not show any dullness. Saturday we sold more Cloaks than we reasonably expected, and we must come to only one conclusion—that the ladies find here better goods for less money than in any other place.

Millerstein & Bonds Company.

THE PRODIGAL SON.

Third of Rev. Carver's Lectures on the Subject.

The third of the series of illustrated lectures on "The Prodigal Son" was given last evening at the Lakeside Presbyterian church by the pastor, Rev. A. H. Carver. As on former occasions, the church was crowded, enthusiastically demonstrating that just as much good may be obtained by the eyes as the ear. While the paintings exhibited last Sunday were, to a certain extent, repulsive in their suggestiveness, showing what a hard task-matter sin is, those of last night were the very reverse, especially the one showing the old father receiving the prodigal. After the curtain had been drawn up, the first picture presented to the audience was "The Father Waiting, Seeing the Son Coming." The theme was God's love for man, and Mr. Carver dwelt at length on the phrase of constancy—God is always loving. The choir sang, "Where is My Wandering Boy Tonight?"

In the second painting the father was shown running to meet him. The thought brought out by the speaker was that God is eager to help sinners more than they think. The third picture was "The Father's Love for Sinners." God meets them more than half way. He comes to them, and in the most wonderful way, the Bible, but the greatest wonder is that a being so pure can implore the return of the sinner. The third painting shows the meeting of the father and son. The boy is shown from his rough, ragged, and weary world. Not feeling first, but will first, is the natural order in the raising of reward. The speaker's satisfaction will then follow the resolution. Most men want the prodigal to wash his hands before they greet him, but God takes the sinner just as he is, embraces him in His loving arms, then cleanses him for service.

The fourth and last of the series will be delivered next Sunday evening.

Duluth Curlers Return.

All of the Duluth curlers who attended the St. Paul hospital returned Saturday, with the exception of A. H. Smith and his rink, and C. F. MacDonald, of Duncan's rink. Smith's rink was in several of the events Saturday and it was his intention to stay as long as he was in any of them. His rink was in the Johnson and international events, and expected to take part in the points contest. C. F. MacDonald will remain in St. Paul a few days to recover from his accident. Saturday he was unable to sit up, much less get about.

Good Lake Trip.

John Morrison, of Grand Marais, and John Donavan, of Chicago Bay, are in the city. They came along the north shore in a small boat, and met John Beargrease, the mail carrier, on route. They report a fine trip, with unusually warm weather on the water.

To Study Scriptures.

There will be special services every evening this week at the Second Presbyterian church, 1515 West Superior street. "Five Nights Study of the New Testament" is the general topic, divided as follows: Monday night, "The Gospel"; Tuesday night, "The Church"; Wednesday night, "Christian Living"; Thursday night, "Christian Living"; Friday night, "The Future State."

"But let us hence, my sovereign to provide. A savior for every soul that may be lost."—Henry VIII, Act VI, Scene 6. Referring, of course, to the numerous qualities of Ford's Extract Ointment.

Saved Many Dollars

Found Hood's Sarsaparilla an Unexcelled Blood Purifier.

"We have taken Hood's Sarsaparilla in our family as a blood purifier and tonic. I think it is an excellent medicine. It has saved us many dollars bills, and we have recommended it to many of our friends."—ARTHUR NELSON, 450 Sixth Street, South, Minneapolis, Minn.

Hood's Sarsaparilla
Is the One True Blood Purifier. All druggists, \$1.
Hood's Pills cure all Liver ills. 25 cents.

DISCOURAGED OR CRAZY.

One of These Caused Dan McLain's Attempted Suicide.

Dan McLain, a laborer, living on West Fifth street, near Lake avenue, attempted suicide last evening by cutting his throat with a razor. He made a gash about three inches long, but not deep enough to do any serious damage. Afterwards he tried to conceal the cut by wrapping a scarf around his neck. His wife, who had been in the room, called in the neighbors and McLain was handed over to the police to be looked after.

The police station McLain expressed regret that he had not made a better job. He gave as a reason for the act that he was discouraged and discouraged. He said that his landlord had threatened to put his family out of the house because he was behind in the rent. One of McLain's relatives said that McLain had been beaten in Lavin's saloon Friday night, receiving some severe bruises about the head, which may have affected his mind. He was to be detained by the police until his mental condition could be ascertained.

YOUNG MEN'S ASSOCIATION.

Substantial Progress Reported for the Last Quarter.

A quarterly report has just been issued by the officers of the Y. M. C. A., which speaks well for the organization. On Oct. 1 the association organized, electing a new board of directors, and a new board of managers, and a committee of sixty-five for work in thirteen different departments. The association building has been renovated and improved and additional apparatus placed in the gymnasium. New names have been added to the membership, which now is 462.

Special efforts have been made to reach the men of the street and in the last quarter 672 invitations were distributed. Two classes have been organized in the Bible study department, one under the leadership of ex-Governor Miller, and one under Secretary Lee. Excellent work has been done in the physical culture department; 2382 persons have attended the gymnasium, and 2969 taken advantage of the bath.

The reading room attendance during the last quarter was 178. The attendance at the Y. M. C. A. has been excellent on receptions and suppers given by the association was 885, and 755 used the shower rooms. The visitors to the building during the quarter, number 2609, and the attendance at lectures and entertainment was 178.

The visitors to the building during the quarter, number 2609, and the attendance at lectures and entertainment was 178.

Northern Pacifics Forfeited.

The only team that has been received from the Northern Pacific polo team in any way explaining its failure to play the Zenith club, Friday night, was a letter received from one of the members of the team, stating that they would be unable to be here, with no reason given. The Zeniths will claim that the Northern Pacifics have forfeited to them, and will demand that the championship cup be turned over to them.

Thomas Dunsmore's Death.

Thomas Dunsmore, whose skull was fractured by a fall into the hold of the steam barge Aurora Thursday morning, died Saturday night at St. Luke's hospital. His skull was fractured Friday, and for a time his condition seemed to improve, but he began to sink during the same day. His brother was expected here today from Barrie, Ont., to take charge of the remains.

ELY BROS.

I suffered from catarrh of the worst kind for some time. I had been hoping for cure, but Ely Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—OSCAR OSTROM, 45 Warren avenue, Chicago, Ill.

HIS LIFE IS ENDED

Dr. Slaughter Died Last Night From a Dose of Strychnine.

ALONE IN THE HOUSE

Breathed His Last While His Wife and Children Were at Church.

Dr. Charles Slaughter died shortly after 10 o'clock last night at his home, 28 West Second street, from the effects of a dose of strychnine. He had been in a very nervous condition for several days, and whether it was in a fit of temporary aberration of mind that the drug was taken, or he accidentally took an overdose, is unknown.

His wife and two children, returning from church at about 10 o'clock, found him stretched on the floor of the bathroom unconscious and breathing heavily. Mrs. Slaughter summoned Dr. Bowman and Dr. Eklund by telephone, but Dr. Slaughter had expired before they arrived.

The deceased had been for several days indulging in liquor, to the use of which he had been induced by the condition of his nervous system, and during the afternoon yesterday he was in a very bad, nervous state. He gave no hint at any time, however, that he was likely to make an attempt to take his life, and toward Mrs. Slaughter felt no uneasiness about leaving him, and at 7:30 she and the children went to church.

At about 8 o'clock a Herald man, an acquaintance of the doctor's, met him at the corner of First avenue west and Second street. This man, before he reached the corner, saw the doctor start down the street, and he followed him, looking for a short distance, and after going a short distance, he saw the doctor's car, and he followed it. He saw the doctor's car, and he followed it. He saw the doctor's car, and he followed it.

He gave no hint at any time, however, that he was likely to make an attempt to take his life, and toward Mrs. Slaughter felt no uneasiness about leaving him, and at 7:30 she and the children went to church.

At about 8 o'clock a Herald man, an acquaintance of the doctor's, met him at the corner of First avenue west and Second street. This man, before he reached the corner, saw the doctor start down the street, and he followed him, looking for a short distance, and after going a short distance, he saw the doctor's car, and he followed it.

The doctor had been for several days indulging in liquor, to the use of which he had been induced by the condition of his nervous system, and during the afternoon yesterday he was in a very bad, nervous state. He gave no hint at any time, however, that he was likely to make an attempt to take his life, and toward Mrs. Slaughter felt no uneasiness about leaving him, and at 7:30 she and the children went to church.

GREEN TIMBER BEING CUT.

Indians Charge Violation of Dead and Down Contracts.

Following on the failure of the United States district attorney to collect damages from the lumbermen who are charged with cutting green pine on the Minnesota Indian reservation under present contract, the Indians have charged that the lumbermen are "at it again."

The news comes that the Leech Lake Indians held a council last week and cited a number of instances of pine stealing, which have already occurred this winter. Charges against the alleged guilty parties were formally made out and forwarded to Secretary of the Interior Bliss. The Indians charge that green and growing pine was cut by persons who had secured official approval of contracts with the Indians to cut dead timber.

The Indians are altogether dissatisfied with the present administration of their forests, and are now choosing delegates to journey to Washington next month to urge upon congress legislation which will result in a change in the present system. In addition these delegates have expressed their dissatisfaction with the present administration of their forests, and are now choosing delegates to journey to Washington next month to urge upon congress legislation which will result in a change in the present system.

HOW THEY WORK IT.

Lumbermen Keep Help By Sliding Scale of Wages.

"I notice," said a prominent lumberman, "that the Evening Herald is booming the labor market. It stated a day or two ago that just now the demand for men exceeded the supply. As a matter of fact there are plenty of men to be found such as they are, but good lumberjacks are a scarce article."

Teamsters and loaders who understand their business are not to be picked up every day and before we will let one get away he will not stop over the matter of a few dollars a month in wages. Labor has nothing to complain of in the lumber woods this winter. Wages are much better than they were a year ago and in our camps from \$18 to \$26, and even \$30 a month is being paid.

"In order to keep men we have a sliding scale. When a lumberjack is engaged we have an understanding with him that if he quits or is discharged for cause before the end of the first month he will receive the minimum wages paid. If he remains a full month he will get \$2 or \$3 more, and if he remains through the season, he will be paid the highest price. We make this arrangement as a precaution to prevent men from leaving when they are most needed and find that our force is no longer crippled at the busiest period of the season. Sometimes it is necessary to change men from one kind of work to another for a few days. Occasionally they object to this and they would often quit entirely if we did not have some check on them. The certainty of losing a few dollars a month on their wages as provided in the sliding scale contract usually deters them from becoming indignant and throwing up the sponge. So you see it is a great disciplinarian and holds the force together. The majority of the men who are now offering their services are experienced workmen and are not desirous at any price. Good men can find employment at the highest wages."

THEY'RE WAKING UP.

People Now Realize That Dunkley's Celery Compound Is the Real Celery Tonic.

The surprising demand for Dunkley's Genuine Celery Compound fully emphasizes the oft-repeated assertion that this is a real, genuine celery remedy. It is so immediately effective, so thoroughly bracing as a tonic and so remarkably curative that hundreds of families now use Dunkley's Celery Compound as a general household remedy. There are certain facts connected with this wonderful tonic that the public should know more about.

The laboratory is in the midst of the finest celery farm in the world, the remedy is prepared in the only celery distillery on this continent and as only the heart of the celery is utilized Dunkley's Celery Compound actually contains the genuine celery principle and juices.

It is put up in large bottles holding a month's supply of the remedy and no family can afford to be without it. It is a run-down system will require more than a single bottle of this great tonic to be thoroughly and radically cured. It is at your druggist's and have him show you a bottle of this remarkably effective Dunkley's Celery Compound.

USED A RAZOR.

Assailant Carves a Pattern In Samuel Bowden's Face.

Samuel Bowden, a railroad man, residing at Eleventh avenue west and First street, was badly slashed in the face with a razor Saturday night, on Fifth avenue west, at the corner of the alley at the rear of the Lyceum building. One cut severed his left ear in twain and laid his left cheek open to the bone. Several arteries were cut and he would have bled to death had not medical aid been at hand. There was no alarm felt for him today, and Dr. Boyer, who attended him, said that he would be entirely recovered in a week.

Bowden refused to tell who his assailant was, and says he did not know the man. An electrician, named Samuel Marx, is supposed by the police to be the man who wielded the razor. Marx and his friend made some insulting remark to him, and the police think that he made a mistake out of town right after the attack.

The fracas occurred about 11:45 o'clock. It seemed that Marx

Those New 1898

Manhattan Shirts....

Are meeting with the approval of the best dressed men of the town, and really there is no reason why they shouldn't, being perfect in fit and finish and extremely stylish and up-to-date in patterns. Notice them on the street and at the theater this evening and come and buy some tomorrow while the assortment is complete.

Price, \$1.50.

MANHATTAN WHITE SHIRTS for full dress and semi-dress wear. The only perfect ready-made shirt in America.

OVER SIX THOUSAND

Registration For the Municipal Election Is Greater Than Last Year.

MITCHELL WAITERS

Their Republican Club Is Composed of Small Proportion of Waiters.

The total registration for the municipal election is 6125, an increase of 1863 over that for the election last year. In the Fifth precinct of the First ward there appears to be less interest in this than in the water election, the registration for the latter being 70, while for the coming election it is but 66.

Following is the registration by precincts for this election with that for the last municipal election for comparison:

FIRST WARD.	
First precinct	1897 1838
Second precinct	104 144
Third precinct	81 100
Fourth precinct	172 199
Fifth precinct	267 287
	63 66

SECOND WARD.	
First precinct	187 232
Second precinct	104 144
Third precinct	106 198
Fourth precinct	131 225
	589 887

THIRD WARD.	
First precinct	165 162
Second precinct	190 229
Third precinct	101 177
Fourth precinct	120 193

FOURTH WARD.	
First precinct	50 70
Second precinct	72 95
Third precinct	128 108
Fourth precinct	138 175
Fifth precinct	106 141
	434 500

FIFTH WARD.	
First precinct	203 232
Second precinct	137 162
Third precinct	142 186
Fourth precinct	98 190
Fifth precinct	52 98
	633 908

SIXTH WARD.	
First precinct	26 47
Second precinct	95 120
Third precinct	34 79
Fourth precinct	140 215
Fifth precinct	89 111
Sixth precinct	34 65
	418 687

SEVENTH WARD.	
First precinct	79 204
Second precinct	84 170
Third precinct	147 187
Fourth precinct	93 116
Fifth precinct	127 144
	467 781

EIGHTH WARD.	
First precinct	140 167

Second ward	589 887
Third ward	58 74
Fourth ward	451 500
Fifth ward	633 908
Sixth ward	418 687
Seventh ward	467 781
Eighth ward	419 714
Grand total	4264 6125

THE MITCHELL WAITERS.

Are Small Proportion of Members of the Craft.

The News Tribune yesterday morning with great ease announced the formation of a Mitchell club composed of hotel and restaurant waiters, who were expected to work wonders in the campaign in favor of Mitchell. The club pledged itself to do all in its power to aid in the Mitchell campaign, and it announced its intention of holding meetings every evening this week.

It is said the club composes a very small part of the union waiters of the city, and that if the ballots cast by the latter could be counted it will be found on election day that Mayor Truesen will have on his side the suffrages of by far the greater part of them. The club includes those in Mitchell's restaurant with a few others, while most of the union waiters in the city who are voters are for Truesen. It is said also that Mitchell's restaurant employs more girls as waiters in proportion to the size of its force than any other restaurant in town.

WILL GO ON YOUR BOND!

CONTRACTORS' BONDS. ASSIGNEES' BONDS. LOOSE BONDS. COURT BONDS.

American Bonding & Trust Co.,
 GEO. R. LAYTON, Gen. Agt., 14 Fourth St.

STILL IN DOUBT.

Nothing Yet Heard From Northwestern Electric Convention.

C. E. Van Bergen has received no information from the committee appointed by the Northwestern Electrical association at Milwaukee to decide as to whether a midsummer convention should be held at Duluth. He is still confident that the committee has acted or will act favorably and that the electricians will be entertained here some time next June.

Seine Looking Well.

George W. Glass, of Glasgow, N. D., is in the city, the guest of John W. McCabe, the grain man. Mr. Glass has interests on Little Turtle lake in the Seine River district, and is on his way to St. Paul on important business. His partner, Mr. Jones, is now in that district and reports that everything pertaining to gold mining has a splendid appearance. Mr. Glass is also a cousin of Dr. Graham.

This is Positively the last Week of the POWER BANKRUPT SALE....

Five days more and we shall close the doors of the Power Store. The last five days will be the most important ones of this sale. They will be days of REGULAR BARGAIN FEASTING. In order to save moving the stock and reduce it to the smallest possible size, we have applied the knife once more to cut deeply into the already low prices. Where is the one who does not like to save money? The chance is yours now, to neglect it would be unwise. Remember there are only five days for you left to buy dependable Dry Goods and Cloaks at less than wholesale prices.

Do not wait until the last day, the choice of selection is growing less every day. The best bargains go first, nothing is reserved, everything is being sacrificed to close out the balance of the stock.

Bring your friends and see what bargains you can get. Don't forget that this is the last call to the Power Bankrupt Store and that the last week of the sale will close with the tallest Bargains yet given.

Power's Bankrupt Stock, I. Freimuth, Prop.

THE DISTRICT COURT.

Judgments and Orders Entered in Various Cases.

Judge Ensign held no court at all this morning. In Judge Moer's room, salend cases Nos. 119, 28, 58 and 92 were continued. In the suit of Daniel Cox vs. Frank McDevitt and Anna C. Whitmore, brought to recover on a promissory note in the sum of \$502 and interest at 8 per cent since Jan. 30, 1894, judgment was rendered for the plaintiff by consent. The rest of the morning was taken up with the case of John Lowry vs. Helen C. Wetmore. In this the defendant seeks to recover for some money placed in the Cady sanatorium on Bay View Heights.

Before Judge Clint in the case of Thomas C. Hissel vs. John R. Howes and wife, for restitution of lot 14, block 20, Lester Park, and \$300 damages, judgment was rendered for the defendant.

The next case taken up was that of M. E. Coffin vs. Charles A. Pillsbury, involving title and right to a tract of land in section 22-56-21.

MONEY TO LOAN.

We have several thousands of dollars to loan for Eastern parties, on real estate. RICHARDSON & DAY.

The Satter Memorial Concert.

To the Editor of The Herald:

The criticism of Miss Fanning's singing in the columns of a morning paper is wholly out of place, for the reason that her services were rendered gratuitously and her coming from private life in another city to assist in swelling the memorial fund here is purely a patriotic act. Passing, however, this breach of professional etiquette, the writer of the article in question betrays a lamentable ignorance of the subject he presumes to pass on, or else his judgment is so warped by petty local prejudices and jealousies as to render him incapable of a disinterested opinion. Thus, Mr. Lammers' songs are unqualifiedly endorsed as being so well sung that it "need not be set down."

As a matter of fact, his tone production was faulty in the extreme. Improper management of and insufficient support from the breathing muscles brought the inevitable result of a colorless and feeble resonance. His voice further lacked true focal point of attack and was breathy and explosive, especially in the upper register. Mr. Lammers is a tasteful singer and in sympathy with the higher class of music, but he has yet much to learn about tone production. Miss Fanning, on the other hand, showed all the qualities of the finished vocal artist—admirable breath support, clear attack, even quality, sympathetic tone coloring and musical temperament in an unusual degree.

We must further take issue with our local critic as to Miss Fanning's interpretation of "Banshee et Delia." The composition is essentially dramatic and would therefore suffer from being sung throughout in the sentimental method which he recommends. The aria only should be so rendered and everyone present will bear witness to the sustained legato and beautiful cantabile which characterized its performance. The composition was interpreted in the declamatory style, which was evidently the intention of the composer.

The writer agrees with the critic of the article in question that "the accompaniment" of a good singer and good accompanist, but maintains that Miss Fanning is one of those few. We have heard every singer of note, who has appeared before the American public for the past twenty-five years. Of these, the most successful in accomplishing this dual feat are George Henschel and Max Heinrich. In faculty of mind and concentration necessary to the maintenance of the spirit and freedom of her song, without being hampered by the accompaniment, our judgment of the present instance, the difficult piano scores were memorized by her. In the present instance, the fact that reflected credit upon her famous instructor, Joseph. The music lovers of Duluth owe a debt of gratitude to Miss Fanning for a memorable performance of skill, refinement and musical sympathy and intelligence.

Duluth, Jan. 24.

THE WATER POWER.

Several Concerns Negotiating With Jay Cooke—Option Will Soon Expire.

The Herald is in frequent receipt of inquiries as to likelihood of the improvement of the St. Louis river water power during the coming year. This is a difficult question to answer, although there are several gentlemen in Duluth who, it is possible, may have some information that would throw light on the subject. Several months ago a gentleman prominent in Eastern financial circles, J. C. Man Drayton, spent two weeks in Duluth investigating the water power and gathering information relative to the amount of business that it would likely be given a company that would improve it by institutions already located here and in successful operation. He had before coming here interested capitalists on both sides of the Atlantic, and it was thought by those who were informed as to his movements that he would be successful in promoting the enterprise. There was some hitch, however, and he made another trip across the Atlantic in an effort to close up the transaction. What the result of that trip is cannot now be said.

THE REMAINS REMOVED.

The remains of Thomas J. Dunsmore were removed this afternoon from Durkan's undertaking establishment to the residence of his brother-in-law, John B. Dunphy, at 109 West Michigan street. The funeral will be held from the cathedral at 2 o'clock tomorrow afternoon. Henry Dunsmore arrived in the city this morning from Barrie and will return with the body.

Grand Opening.

On next Wednesday evening Trudell & Andre will have a grand opening at 226 Garfield. A splendid lunch will be served and a general good time is assured. A grand raffle for a good horse will also take place.

Aroused Great Interest.

Less than a month ago "Brains," the recognized authority on advertising, in commenting on the fall and winter catalogue of M. S. Burrows, pronounced it the finest and most complete of any ever issued by a retail store, and since then every mail has brought inquiries for copies from nearly every city from Maine to California. Today the compiler, Frank Burrows, advertising manager of "The Great Eastern," found in his mail two requests from the old world, one being from London, Eng., and the other being from a city in Scotland. This is the first time a catalogue

THEY PLEADED GUILTY.

Prisoners Admit Bribing Witness in Robbery Case.

George Wales and William Schendel, charged with bribing John Mattson not to testify on the preliminary examination of Robert Jackson and William Marshall on the charge of robbing Mattson, charged their pleas from not guilty to guilty when their case was called for trial in Judge Edson's court this morning. Wales was sentenced to pay a fine of \$75 and costs, or be confined in the county jail for sixty days, and Schendel was fined \$25 and costs with the alternative of a 20-day jail sentence. Schendel paid and Wales went up.

GOVERNMENT ENDORSED.

Another Stormy Session of the French Chamber.

Paris, Jan. 24.—The chamber of deputies was stormy today. When the session opened at 2 p. m. M. De Bourgeois protested against the treatment accorded the chamber on Saturday, saying it recalled the coupe d'etat of December 1851, and November, 1878. (Prolonged murmurs.) The deputy further complained of the intervention of the troops on Saturday. The president of the chamber, M. Brisson, explained that those who were charged to clear the tribune met with resistance, and thought it their duty to call out the guard.

M. Jaurès, the Socialist leader, requested permission to continue the discussion of Saturday. He criticised the government's "incomplete prosecution" of Emile Zola, and asked what were the reasons for this state of affairs. The house, by a vote of 276 to 132, expressed confidence in the government.

NEW PENSION RULING.

Which Will Cut Off Some Soldiers' Widows Pensions.

Washington, Jan. 25.—Assistant Secretary Davis of the interior department has rendered a decision holding that there is no law providing a pension for the widows of soldiers who die of disease contracted in the service in time of peace prior to March 4, 1891. The provisions of law providing a pension for the widows of soldiers who die of disease contracted in the service in time of peace prior to March 4, 1891, apply only to cases where the death cause was incurred or contracted while in the performance of military service. During certain wars specifically named in the several acts granting such pension.

OPPOSES THE BILL.

Commissioner Hermann Disapproves the Utah Land Grant.

Washington, Jan. 25.—Commissioner Hermann of the general land office, has made an adverse report on the bill introduced by Representative King, granting and ceding to the state of Utah, the public lands within the borders. The commissioner advances many reasons, why he believes the proposed cession would be foreign to the best interests of the people. Probably 290,000 acres of public lands have already been given to the states for various purposes, and the use they have made of them, he says, indicates that other cessions would be utilized for reasons only and not for the good of the individual.

HUNKER CREEK RICHES.

Gold Found That Yields \$750 Per Pan.

Victoria, B. C., Jan. 25.—The steamer City of Tonoka arrived from Alaska yesterday, bringing about forty passengers, two of whom, E. G. Berry, of Seattle, and George Harnack, of Colorado, have just returned from the gold fields. They left on Dec. 15, bringing news of new strikes that are being made

MONETARY MAGNATES

Large Gathering Assembles in Indianapolis at the Monetary Convention.

CURRENCY REFORM

Gov. Shaw of Iowa Presided and Delivered a Long Address.

Indianapolis, Ind., Jan. 25.—The monetary conference which opened in this city today, is the result of a movement started by the Indianapolis board of trade a little more than one year ago. This commercial body took upon itself the inauguration of a movement whose primary purpose was monetary reform. Without any assurance that the object of its endeavors would be realized in a national sense, the board of trade issued invitations to commercial organizations of the Central West, which brought together the members on which today's national convention rests.

CHAIRMAN HUGH H. HANNA.

St. Louis, Indianapolis, Louisville, Milwaukee, Minneapolis, St. Paul and Toledo. This conference determined to call a general convention of the financial and commercial organizations of the country to meet in Indianapolis, Jan. 25, 1918, to consider the currency question in a non-partisan way. In response to this call there assembled in Indianapolis representatives of the business interests of 16 cities in twenty-seven states. Following their meeting some of the members of this convention of eleven were selected to formulate a currency reform plan. After months of discussion and discussion in Washington this committee completed its report, which was made public Jan. 2. This committee was as follows: Ex-Senator George F. Edmunds of Vermont; Charles A. Fairchild of New York, ex-secretary of the treasury; C. Stuart Patterson, of Philadelphia, who was president of the monetary convention last January; J. W. Fries, of Salem, N. C.; T. G. Rush, of Alabama; G. B. Leighton, of Missouri; W. B. Dunn, of St. Paul; R. S. Taylor, of Port Wayne, Louis; A. Garnett, of San Francisco; Professor J. L. Laughlin, of Chicago; and Stuart P. Fiske, of New York.

Today's convention was welcomed to the state by Governor Mount. Governor Shaw of Iowa presided and C. Stuart Patterson submitted the report of the committee on election. Governor Shaw said in part: Peace has her victories no less renowned than war, and upon no leader or armed hostilities has rested a graver duty than that which confronts the monetary generation. One of the hopeful signs of the times is the existence among us of a large body of students of economic questions, who at a time of political peril were found willing to make any sacrifice to break the shackles of our affiliations, and even to part company with all former friends and comrades in the pursuit of a common goal. It is this spirit which has made the monetary reform movement a reality, and it is this spirit which has made the monetary reform movement a reality, and it is this spirit which has made the monetary reform movement a reality.

A ROW AT BRUSSELS.

Socialist Demolition Precipitates a Conflict With Police.

Brussels, Jan. 25.—Deputy Demolition entered the vestibule of the chamber of deputies this afternoon accompanied by a band of Socialists. The officer in command of the guard informed him that, in pursuance of the president's order, he could not be allowed to enter, whereupon M. Demolition raised cries of "Vive l'Armee," "Vive la Republique." A crowd collected and attempted to rush the soldiers, with the result that there was a violent scuffle, the troops with standing the mob with fixed bayonets and a hand-to-hand fight, taking place between the Socialists and anti-Socialists.

A DULUTH INVENTOR.

Washington, Jan. 25.—(Special to The Herald)—A patent for a bicycle tire was today issued to William J. Langran, of Duluth.

Paris, Jan. 25.—At a meeting of the cabinet today the minister of interior, M. Barthou, communicated dispatches from Algiers showing that all was quiet there this morning.

SPOKANE FIRE VICTIMS.

Spokane, Jan. 25.—(Special to The Herald)—A special to the Journal from Spokane, Wash., says it is now absolutely certain that G. Dalbert and Mrs. Lewis were burned to death. Dalbert was a violinist and only came to the city a few weeks ago.

GOVERNOR SHAW.

Presiding Officer.

NON-PROFIT FOR A PARTY.

Then at work for the party. Then the rich man loved the poor. And the poor man loved the rich.

one, at no place, and never. The issue was taken to the polls, and by an overwhelming majority reputation was re-established.

Then years later, in a yet more subtle form, and at a time when self-preservation appealed to many to join the hosts arrayed for the purpose, partly to defend, partly to attack, the issue was taken to the polls, and by an overwhelming majority reputation was re-established.

It is not wish to be understood as charging those who advocated the free coinage of silver at the ratio with gold of 16 to 1, with dishonesty; I prefer to regard them as entitled to forgiveness, for certainly they knew not what they did. Nevertheless, in an unmistakable terms it was their avowed intention to provide for the discharge of all existing liabilities, public and private, with a silver dollar, or its equivalent, in the money market. It was the time of the gold standard, and the gold standard was the only standard of value. It was the only standard of value. It was the only standard of value.

Nevertheless, by a popular majority of over 1,000,000, the country again decried, even more than the preceding one, that neither total nor partial repudiation found audience in the American heart and mind, our people are honest, and they are wiser than many people suppose. The safety of the government was never so clearly demonstrated as on Nov. 3, 1896, when the verdict rendered that day determined that the value of the United States dollar shall be and remain both in debt paying and purchasing power. The demand for the gold standard was not a demand for the gold standard, but a demand for the gold standard.

The currency must be elastic. There will be more half bushels needed in the south on the morning of the harvest than in the north on the morning of the harvest. The same thing is true of the East and the West and the South. The monetary system that has stood the test of all time must be automatic in its operations. It must be able to expand and contract as the demand for it expands and contracts. It must be able to expand and contract as the demand for it expands and contracts.

COMMUNICATION INTERRUPTED.

Kansas City, Jan. 25.—A snow storm which hit the city last night, and which was followed by freezing weather, which cut off the telephone and telegraph lines, with a result that communications with many points out of Kansas City have been absolutely stopped, while other points were lost for hours at times. No serious delay to trains has yet been reported.

SNOW FOLLOWS RAIN.

St. Joseph, Mo., Jan. 25.—Rain began to fall here last night, and turned to snow at 3 o'clock this morning. The fall from that time until 10 o'clock was three inches. Railroad trains are delayed and straightaway traffic has been demoralized all day. Many telegraph and telephone wires are down.

MILWAUKEE'S VISITATION.

Milwaukee, Wis., Jan. 25.—Another furious blizzard struck this city shortly after midnight, and the snow fell to a depth of six inches. Street cars are already being seriously delayed, and the city is in a state of commotion. The afternoon, there will be another complete stop. The storm is from the southeast, and is accompanied by heavy wind.

OTTUMWA'S BLIZZARD.

Ottumwa, Iowa, Jan. 25.—A snow storm and blizzard far worse than Saturday's, is predicted for today.

MRS. MANTILL VERY ILL.

St. Paul, Minn., Jan. 25.—Mrs. Robert Mantill's condition remains unchanged today. Hopes of her recovery are slight.

WARRING ELEMENTS

Fatal Storm at St. Louis Does an Immense Lot of Damage.

CITY IS TERRORIZED

Blizzards Through the South and West—Some Swollen Rivers.

St. Louis, Jan. 25.—A gale of wind which reached the highest velocity of any experienced here since the tornado of May 27, 1896, when the destruction of life and property was so great, prevailed here today. Its velocity was sixty-six miles an hour, and up to noon rain, snow, sleet and hail fell in great quantities. The wind was from the north, and it was a most unusual occurrence for the city to be so completely enveloped in a blizzard. The wind was from the north, and it was a most unusual occurrence for the city to be so completely enveloped in a blizzard.

Shortly after 3 a. m. a terrific thunderstorm, accompanied by a heavy fall of hail and rain, struck the city and prevailed for an hour or more. By daybreak the sky had cleared, but it soon became cloudy again and the wind began to rise. At 10:45 this morning the wind was blowing sixty-six miles an hour, but fourteen miles less than the recorded velocity during the tornado of May 1896. It was a straight blow from the southwest and the residents of the city, especially in the tornado-stricken portion, were seized with consternation, expecting another visitation.

PRESIDENT T. C. SEARCH.

Establishment of sample warehouses, restoration of the American merchant marine and restoration of treaties of reciprocity with foreign countries, and to questions of home industries. The following questions will receive attention:

Probably the most important subject to be considered at the convention is the establishment in Feb. 22 of a warehouse at Caracas, Venezuela, for which a concession was granted by the Venezuelan government by the National Association of Manufacturers. Under this concession goods and raw materials to be entered free of duty when intended for exhibition in the warehouse of the society. On such a basis, however, will be taken to Venezuela which

ROBERT LAIDLAW, Treasurer.

will find a market in that country. Such a provision is made necessary because heretofore American manufacturers have taken goods to South America for which there was neither demand nor market.

The subjects of home interest to be considered are these: The preservation of the home market, the establishment of a department of commerce and industry by the government, utilization of railroad freight rates, the proper enforcement of the uniform bankruptcy law recently adopted by congress, and

CHAIRMAN CHAS. A. SCHIEREN.

The improvement of internal waterways.

A very important feature of this convention will be the annual banquet, which will take place at the magnificent Waldorf-Astoria hotel. President McKinley will be the guest of honor and Senator Frye of Maine will speak on the subject of "Our Merchant Marine." Other speakers of reputation will be present and the affair will attract universal attention throughout the country. A Bohemian smoker will be held at the Waldorf-Astoria this evening.

(Continued on page 2.)

NICARAGUA CANAL

Long Time and Vast Number of Men Required to Complete It.

EVERYTHING READY

Conditions More Favorable For Work Than Were at First Expected.

New York, Jan. 26.—The Herald's correspondent with the Nicaragua canal commission advises that the canal commission has been called to Washington two days ago as follows: The canal of Nicaragua is practicable for less than three-quarters of the original estimate. Four and a half to six and a half years are required to build it. Four thousand eight hundred laborers are needed to commence work. These should be divided into four groups. This number of men should be doubled within three months. This reply was received. A company in Ohio and New York had been duly formed to engage men from Puerto Barrios, Jamaica and Nicaragua.

The Herald's correspondent adds that each of the thirteen engineers with the commission represents a big syndicate of men fighting to get the contract, but the Ohio and New York millionaires have secured it. The Chicago contractors and engineers are satisfied with the facilities for work in the Western division. These facilities go beyond their expectations. The party leaves for Ochoa on Jan. 25.

The Washington correspondent of the Herald says that the above cablegram is interpreted to mean that the Maritime Canal company anticipating a favorable report from the Walker commission as to the feasibility of the project and of subsequent favorable action by congress, has men on the ground prepared to begin work on construction immediately.

HUNTINGTON'S DRY DOCK.

He Will Build a Big One at Newport, N. H.

New York, Jan. 26.—A special to the Tribune from Newport News, Va., says: Collis P. Huntington's train was transferred from the station to the shipyard here last night. When Mr. Huntington was asked to state his intentions regarding the proposition he had made to Secretary Long offering to build a drydock capable of receiving the largest ship afloat he said:

"You can say that I will shortly build the largest and best drydock in America, a basin in which any ship in the United States navy can be safely docked and overhauled. This dock will be built at one corner of the shipyard and not on the half mile of water front property recently acquired. There is urgent need of a drydock in which the vessels of the navy can be repaired at short notice, and it is such a basin that I propose to build."

THE MAINE'S VISIT.

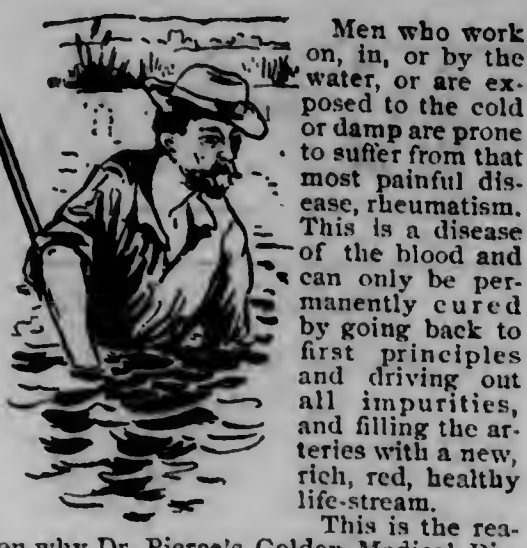

It Continues to Exite all Classes of Spaniards.

New York, Jan. 26.—A Madrid dispatch to the World says: The official intimation of the contemplated visit of American vessels of war to Havana and the presence of the American squadron in the West Indian waters has caused a sensation and much displeasure at Madrid, which the press of all shades of opinion echo today with much bitterness. Dr. Imparical calls the "conduct of America provocation without justification" and recommends Spain to have to Havana to be prudent and self-possessed and to show disdain and indifference during the stay of the American vessels.

REV. C. O. BROWN'S CONFESSION.

He Will go on Preaching the Gospel Till He Dies.

Oakland, Cal., Jan. 26.—The Rev. C. O. Brown will not run away from the consequences of his confession. He said that he would stay here until his friends had time to decide whether or not they would receive or cut him. He said that he would stay here until his friends had time to decide whether or not they would receive or cut him. He said that he would stay here until his friends had time to decide whether or not they would receive or cut him.

Men who work on, in, or by the water, or are exposed to the cold, damp or are prone to suffer from that most painful disease, rheumatism. This is a disease of the blood and can only be permanently cured by going back to first principles and driving out all impurities, and filling the arteries with a new, rich, healthy blood-stream.

This is the reason why Dr. Pierce's Golden Medical Discovery is an unfailing cure for that disease. It is the greatest of all blood medicines. It creates a keen and hearty appetite. It cures all disorders of the digestion and makes the assimilation of the life-giving elements of the food perfect. It invigorates the liver and tones the nerves. It is the greatest of all known blood-makers and blood-purifiers. It builds firm, healthy flesh, but does not make corpulent people more corpulent. Unlike cod liver oil, it does not make flabby flesh, but tears down the unhealthy tissues that constitute corpulency, carries off and excretes them, and replaces them with the solid, muscular tissues of health. It drives all impurities, disease germs and acids from the blood. In Dr. Pierce's Common Sense Medical Adviser many sufferers from rheumatism, whose cases were considered hopeless, tell how they were cured by this wonderful medicine. Their names, addresses and photographs are given by their own request and anyone who wishes to see them will write them. Good druggists sell the "Golden Medical Discovery."

SPAIN'S CUBAN FLEET.

She Has Quite a Cordon of Ships About There.

Havana, Jan. 26.—The Spanish government has a fleet in Cuban waters, but most of the craft are small gunboats used for maintaining the blockade against filibusters. There are, however, seven cruisers, of which the largest is the Albatros, 1,200 tons, and other cruisers are: Alphonso XIII, 3,000 tons; Conde de Venadito, 1,100 tons; and others. The largest of the fleet is the Albatros, 1,200 tons, and other cruisers are: Alphonso XIII, 3,000 tons; Conde de Venadito, 1,100 tons; and others.

THE SEATTLE FIRE.

List of Victims Now Said to Number Eight.

Spokane, Jan. 26.—As a result of the Great Eastern block fire at least eight lives were lost, and the burned remains of a man were found in a mass of debris in what was the basement. The flames started in the basement. It is thought, however, that the fire was caused by a boiler explosion, and when the alarm was given that part of the building was a roaring furnace. The fourth and fifth floors were used as apartments, and nearly 150 people were in the rooms. Several brave men risked their lives to climb the stairs and rouse the sleeping people. By this time men and women were appearing at the windows and imploring those below to save them. The corridors had become filled with dense smoke, and men, women and children were falling from there from suffocation. Several scores of half clad people climbed down the fire escape. Trembling and almost blind in their night robes stepped barefooted into the snowy streets and, fainting, were carried to places of shelter.

SECRET OF SEX.

New York, Jan. 26.—The London correspondent of the World says that Professor Samuel Schenck, who professes to have revealed the secret of sex, refuses to be further interviewed by the press. Professor Schenck has prepared a description of his discovery and has sold the German rights for \$10,000. The pamphlet will not be published until the rights have been sold in America and England.

OPERATIC COMBINE

One Being Formed to Produce English Works of Standard Reputation.

TWO NOTED STARS

Lillian Russell and Jessie Bartlett Davis the Two Leading Donnas.

Chicago, Jan. 26.—Regarding the resolution that W. J. Davis, manager of the Columbia theater, has effected an opera combination to give standard English works, in which the stars will be Lillian Russell, soprano, and Jessie Bartlett Davis, contralto, Mr. Davis said today: "There is, I understand, an effort being made to effect such a combination, but I am not in it. Although I am free to say I would risk money in an English opera company headed by the two singers named, I consider Lillian Russell the very best soprano engaged in Chicago, capable to sing English. This may sound like strong talk, when one considers that Melba, Nordica, James and others in the grand companies are able to sing in English, will ask if there was a donna who could and would sing seven times a week, keep her temper, voice and general health. We have never had so good a representative of the standard roles as Lillian Russell, either vocally, physically, intellectually and in temperament. As for Jessie Bartlett Davis, she is the only contralto in Europe or America to be mentioned in connection with Lillian Russell. She has had quite an experience, has sung and does sing seven times a week and stands it like a major. Standard opera would have no terror for these two artists, and I should be glad to see the combination effected. There is need for such a company and no end of money in the scheme, if given over to competent direction. My name was used in connection with it, I suppose, because of the most paid visit to the 'Wedding Day' company in Cincinnati, and because I happen to be a contralto myself. I have not seen the last days of the Kellogg-Cary Grand English Opera company, which has recently been here from New York to see me about the matter, but merely in an advisory way."

A BRITISH COAL GRAB.

England Laying up Stores of Coal in the Orient.

Victoria, B. C., Jan. 26.—Capt. Porter of the steamer *Albatross*, which has arrived from the Orient, says he learned on good authority that a firm of London merchants had bought a large quantity of coal in the Orient, and that the coal was being shipped to England. The coal was being shipped to England.

CONDENSED DISPATCHES.

One Jew was stoned to death in the United States. A man was killed in a fight in the United States. A man was killed in a fight in the United States.

HAIR PONG MARAUDERS SUFFER

Death For Their Raid on Europeans.

San Francisco, Jan. 26.—Dispatches from Vancouver, B. C., Jan. 25, contained an account of a raid by Chinese pirates upon the European settlement at Hai Pong. The steamer *Coptic*, which has arrived from the Orient, brought full particulars of the murderous affair and the punishment meted out to the pirates.

THIN IN FLESH? PERHAPS IT'S NATURAL.

If perfectly well, this is probably the case.

But many are suffering from frequent colds, nervous debility, pallor, and a hundred aches and pains, simply because they are not fleshy enough.

SCOTT'S EMULSION OF COD-LIVER OIL WITH HYPOPHOSPHITES

Strengthens the digestion, gives new force to the nerves, and makes rich red blood. It is a food in itself.

A Cavalryman's Experience

Chris. Jensen, of Troop D, 6th Cavalry, U. S. A., Easily Vanquishes a Fox.

Fort Robinson, October 13, 1897. Buren Chemical and Mfg. Co., La Crosse, Wis. Gentlemen:—I have certainly done all you claim for it in my case. I have been unable to desire for the narcotic in the wonderful and I have recommended it to several other soldiers and they are going to give it a trial. I think they will be using tobacco again it will be learning the habit over again. I regard myself as a cured man. Yours truly, CHRIS. JENSEN, 6th Cavalry, Troop D, Fort Robinson, Neb.

IN THE DAKOTAS.

NORTH DAKOTA. Recently C. W. Mendenhall and Frank Hamman, while removing straw from a river, found on the bottom of the river, beneath the level of the water, a large number of snakes. The snakes were coiled together in a solid mass, and on being disturbed began squirming and hissing in a very frightful manner. They emitted a nauseous odor. The snakes were from four to six feet in length, and large around proportion. The reptiles were anted by being exposed to the air, and one of the large fellows with a quick business snatched himself around Mr. Hamman's neck. With a wild scream of "O, my God!" Hamman leaped to the shore and ran. The snakes followed him and he was not persuaded to return for some time. After the snakes were removed, the river was found to be a mass of squirming, twisting reptiles. But the chilling air soon rendered the snakes motionless, and they were taken. Measured in a bushel basket there were twenty-three snakes. The snakes were taken by the students of the place. Saturday the frozen snakes were hauled out on the prairie by R. L. Gieson, beneath the level of the wagon with forks, and it was necessary to make two trips to remove all. I suppose the snakes were brought there by a successful ice in a very short time. A syndicate of Grand Forks, N. D., has been organized to remove the old building wood is given them as a bonus and money enough to pay the now been subscribed for this purpose.

SOUTH DAKOTA.

A company of people from Huron went to Ward's grove, some three miles up the river, and employed a party of men to dig for snakes. The work was a delightful one, and, although in January, the weather was warm and springlike. The crowd took with them well-filled baskets of good things to eat and enjoyed croquet, baseball, spinning, etc., returning to the city as much delighted as though they had enjoyed a picnic. A midsummer instead of on Jan. 22, S. P. Heaters, a farmer who lives about ten miles from Parkston, went violently insane. He was brought to town and locked up until his case can be passed on by the insane commission. When he will be taken to the asylum. "But let us hence, my sovereign to provide. A salve for every sore that may befall." Referring, of course, to the wondrous qualities of Pond's Extract Ointment.

THE ROYAL SEE.

Germany, Holland and England, defeating the greatest champions of these countries in many hard fought contests.

PIRATES EXECUTED.

Hai Pong Marauders Suffer Death For Their Raid on Europeans.

San Francisco, Jan. 26.—Dispatches from Vancouver, B. C., Jan. 25, contained an account of a raid by Chinese pirates upon the European settlement at Hai Pong. The steamer *Coptic*, which has arrived from the Orient, brought full particulars of the murderous affair and the punishment meted out to the pirates.

AN ADMIRAL'S OPINION.

United States Well Represented in Oriental Water.

San Francisco, Jan. 26.—Rear Admiral McNair, who has been in command of the Atlantic squadron from November, 1895, until Jan. 3, when he was relieved and ordered home, and who has reached this country on his way to Washington, in an interview, said: "The feeling in China and Japan is one of uncertainty. The fleets of the powers in Asiatic waters have been increased until they are all represented by an unusually heavy armed force, but what they may portend, is something I do not know. When I left there were five American ships there, with one on her way from this port and with the Raleigh due shortly from the Atlantic. We will have a fleet of seven vessels, the best of their class in the world, if necessary, the honor of the American flag." The admiral will start for Washington this afternoon.

ELY BROS.

56 Warren Street, New York City.

I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—Oscar Ostrum, 45 Warren avenue, Chicago, Ill.

Maple Syrup Time Has Come

along with the time for hot cakes. Gratify your taste with the choicest brand.

Souvenir Spoon

After dinner coffee.

For Customers.

This beautiful souvenir spoon, silver plated, is given in exchange for tags taken from the bottom of each can of Towle's Maple Syrup. Spoon cannot be had in any other way.

Fairfax, Va., and St. Paul, Minn.

Hall's Family Pills are the best.

CHAMPIONS ON THE ICE.

Skating Races to Be Held on Silver Lake.

New York, Jan. 26.—A gigantic skating carnival, at which some of the greatest skating champions of the United States and Canada will be present, will be held tomorrow, Friday and Saturday at Silver Lake, Staten Island. During the carnival a contest for the national amateur skating championship of the United States and Canada will be held, under the management of William H. Robertson. Among the skating champions who will participate in the contest are Le Roy See who recently defeated the Canadian skater, H. P. McDonald, at the Clemenmont rink of Brooklyn, in a half mile race; Ernest Higgins, of St. John.

What is

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

THE GROSS EARNINGS

Suit May Be Brought to Test the Validity of Present System.

THE MISSABE ROAD

It is All in St. Louis County, But Pays Taxes to State.

The idea of having the state legislature amend the money received from the gross earnings tax among the counties in which the railroad property lies, is a matter of great importance, and the chances are bright that some action will be taken along these lines before the meeting of the next legislature.

The rank injustice of the present method appears readily to everyone, and the chances are bright that some action will be taken along these lines before the meeting of the next legislature.

GETS THE LAND.

A Second Hearing Induces Holt to Submit Testimony.

The register and receiver of the local land office have just handed down a decision in the case of the United States against Nels A. Holt, who located in 1890 on four lots in section 21-59-12.

The case is rather a peculiar one. Holt submitted final proofs and a receiver's certificate was issued to him, but a special agent of the land office later reported that his proof and entry were false and fraudulent.

A hearing was ordered, and when it was held, Feb. 8, 1927, the defendant submitted no testimony, his attorney advising him that it was unnecessary. The decision was against him, and the ruling of the land office was upheld by the land department.

Later, however, Holt came in and asked a hearing on the case. He succeeded in showing that his proofs were all right, and he asked that the cancellation of his entry be set aside.

He succeeded in showing that his proofs were all right, and he asked that the cancellation of his entry be set aside. He succeeded in showing that his proofs were all right, and he asked that the cancellation of his entry be set aside.

ALLEGED LABOR MEN

Mitchell, Who Is Voiceless, Speaks Through Some Very Faulty Mouthpieces.

Mitchell did not speak for himself at the meeting, which his campaign was opened last night. That is not his way of doing business.

He has not said a word yet and the indications are that he will not. He hung around outside of the hall three-quarters of an hour last night, waiting for a sign of life.

At the time of adjournment with the story that he had arisen from a sick bed and dragged himself to the hall to shake hands with his friends, rather than go in like a man and tell with his own lips where he stands on the important questions before the union.

Mitchell is not an orator, but it does not require oratorical talent to enable a man to tell his fellow citizens where he stands on the business questions that are the issue in the election.

Instead of standing up like a man and talking for himself, however, he hung around outside while others spoke for him. He was too sick to speak to the men whose suffrages he asks, but he was nevertheless able to drag himself around in the dance at the Klan Stewart hall until the small hours of the morning.

And who spoke for him? One of the most prominent was a man over whom an indictment for grand larceny in the second degree is pending, and for whose arrest there is a bench warrant in the hands of the sheriff.

That man is Thomas Costello, the alleged brakeman, who works with his mouth shut and offers his services to the mayor.

Costello has not even the honor that is said to exist among thieves of being hired to talk for Mitchell and with part of his wages in his pocket he went around and offered his services to the mayor.

Another prominent one on Mitchell's staff is George C. Finley, who, by all accounts, is a sneak and therefore, of course, a traitor.

George C. Finley, who, by all accounts, is a sneak and therefore, of course, a traitor. George C. Finley, who, by all accounts, is a sneak and therefore, of course, a traitor.

A WARM MEETING

Mayor Truelsen Was Well Received on Garfield Avenue Last Night.

MITCHELL HE SPOKE

At West Duluth--He Gives Vent to About Two Dozen Words.

Mayor Truelsen fired the second broadside in his campaign, at Hendrickson's hall on Garfield avenue last night.

"I was blushing," said he, as he stepped to the front of the platform, when Mr. Haskins was making his remarks. "I have only done my duty the last two years and a man needs no praise for that. One need be ashamed only of neglect of duty. Some can do more than others. I know I could save the city \$100,000, so I stepped into the breach. No one would fight the water company or put up a dollar. I fought it and won, saving the city \$50,000. I deserve no thanks; I simply have done my duty."

The mayor praised the citizens of Garfield avenue for their vote of 45 to 1 on the water plant purchase, but said that the battle was only half over. The preliminaries are yet to be arranged. He declared that three strong corporations owning Duluth franchises were against him, that they feared him and would defeat him if possible. "If you elect me," he said, "I will wipe them out."

Mayor Truelsen repeated his words of two years ago, and refreshed the memories of his hearers as to what he had promised. He had made good his promise to build a supplementary system, and secured the old plant at a reasonable price.

"I have kept the city departments non-partisan," he declared. "I have spent all my time in the discharge of my official duties as I agreed. Those duties have been difficult and responsible as well as numerous. I have often worked on these problems until midnight."

"As I promised, I have given my personal supervision to the construction of the new water plant and all the machinery of the pipe and all the machinery. A better nor cheaper plant never was built."

"I know what is done in every department--police department, fire, health, board of works, city engineer's office, treasurer and controller's offices. If re-elected I will continue to have done with my promises and stand on the same principles."

"If re-elected, I will put civil service into every department so that when my successor comes in two years hence, he cannot drag the city down with him. All this I have done and will do for the city I love, and in whose name I have lived many years, where my children were born, where a beloved wife is buried and in whose soil I want my bones to rest when the call comes to go home."

The mayor briefly reviewed the record of Elmer Mitchell, declaring that the Republican candidate supported the water plant at \$2,100,000, \$1,850,000 and then voted against purchase at \$1,250,000. He also took issue on the necessity of the city's running the electric light plant, street cars, telephones and West Duluth water works. He assured the residents of Garfield avenue that when those companies are agreed to sell at the right price, he would come down and tell them and that he expects another vote of 45 to 1 in the affirmative.

The mayor was loudly applauded at his close.

The hall was well filled and the meeting enthusiastic. It was called to order shortly after 8 o'clock. Joseph Scholzer called the water plant to order, and upon motion of Henry Haskins, Al Heers was made chairman.

Judge Fowler was the first speaker and gave an able talk on the philosophy of the municipal ownership of public utilities and natural monopolies. He showed how the trend of public opinion is in that direction and made comparisons between that idea and the old one of giving franchises. He also spoke warmly of Mayor Truelsen and held that he is the man who has succeeded himself inasmuch as he had individually stood for something. He mentioned the similarity of platforms and said that in voting, past records of the different parties and the light of past experiences should be important guides.

John Martin, candidate for special municipal judge, made a short, quiet talk that fairly outdid him in criticism. He showed that municipal ownership employs just as many men, that saving is made in the cost as big profits required by the corporations are not squandered out and tell them that for the security holders to spend, Mr. Elmer praised the mayor's record and spoke in behalf of the remainder of the ticket.

As to his personal candidacy, he gave the working people the credit of securing his nomination and promised, if elected, to take pleasure in making a good judge for the whole city and all classes.

Henry Haskins followed and his oratory caught the crowd. He eulogized Mayor Truelsen, told how he had secured the supplementary water plant, reduced the city's indebtedness \$125,000 and that during his administration there had been 500 less arrests for drunkenness than in any previous administration. "Any young man who casts his first vote for Henry Truelsen," declared Mr. Haskins, "will have something to be proud of all his life."

Victor Stearns, candidate for municipal judge, made a few well-chosen remarks and said that while he was young, he was not to be blamed for it. He expressed confidence that he could fill the office if elected.

The meeting closed with a couple of songs by Hugh Wetmore, which were exceedingly well received. The meeting was a warm one and it was a reminder of the campaign of two years ago, when the residents of that section

THEY ARE TALKING

MITCHELL LEADERS ARE DELUDING THEIR FOLLOWERS WITH FICTITIOUS ESTIMATES.

THEY CANNOT WIN

APPARENTLY THEY ARE TALKING LOUD TO KEEP THEIR COURAGE UP.

REPUBLICAN CAMPAIGN HEADQUARTERS IN THE CHAMBER OF COMMERCE BUILDING ARE FILLED WITH A NOISY RABBLE EVERY DAY.

THEY COME EARLY AND THEY STAY LATE.

THEY LINE THE HALLS AND STAND IN THE DOORWAYS DISCUSSING THE SITUATION.

THE SAME FACES ARE TO BE SEEN EVERY DAY AND THE SAME VOICES ARE HEARD.

THEIR LABORERS ARE LIMITED TO ARGUMENTS AMONG THEMSELVES.

THEY HAVE TAKEN SO MUCH ADVANCED IMPROBABLE THEORIES SO MANY TIMES AND EXPRESSED HOPES THAT THIS OR THAT THING MIGHT BE ACCOMPLISHED,

BY THE REPORT THAT THE CORPORATION HAS MADE A GOOD POOL AND THAT MONEY WOULD BE FREELY DISTRIBUTED AMONG THOSE WHOSE INFLUENCE HAS BEEN BEHIND THE SCENES.

THEY HAVE GRADUALLY WORKED THEMSELVES UP TO THE POINT THAT THEY BELIEVE IN A WELL-DISCIPLINED WORKING ORGANIZATION.

THEY HAVE ALREADY ACCOMPLISHED NOTHING.

THE MAJORITY OF THE TALKING FORCE IN THE CHAMBER OF COMMERCE BUILDING IS MADE UP OF THE SMALL POLITICIANS WHO PARTICIPATE IN CAMPAIGNS FOR THE MONEY THERE IS IN IT.

THEY WERE DRAWN TOGETHER BY MR. STANE'S VOICE ON THE \$1,250,000 PROPOSITION.

THEN MR. JACOBY GOT ON TO THE WEST DULUTH STREET COMMISSIONERSHIP AND EXPANDED AT LENGTH ON THAT ALL OF WHICH, WHILE INTERESTING TO EIGHTH WARDERS, IS NOT PARTICULARLY SO TO THE GENERAL PUBLIC.

THEN JOHN H. NORTON STEPPED TO THE FRONT AND SANG THE SAME OLD SONG.

MR. CASTELLO, WHO HAS BEEN ACTING AS ELMER'S MOUTHPIECE, WAS NOT PRESENT.

IT WAS RUMORED THAT HE HAD BEEN ARRESTED IN THE AFTERNOON, WHICH CAUSED CONSIDERABLE CONSTERNATION IN THE MITCHELL RANKS.

A PLEASANT CONCERT.

RIEDELBERGER-LACHMUND CONCERT A GREAT SUCCESS.

THE RIEDELBERGER-LACHMUND concert last night at Pilgrim Congregational church was a most successful one.

THE PROGRAM WAS WELL CHOSEN AND THE PERFORMERS WERE ON THE PROGRAM A THOROUGH SUCCESS.

THE AUDITORIUM BEING COMFORTABLY FILLED AND THE LARGE NUMBER OF GUESTS WERE A PLEASURE.

THE PRINCIPAL FEATURE OF THE PROGRAM WAS, OF COURSE, THE QUARTET, CONSISTING OF ERNEST LACHMUND, GUSTAV FIENSTADT, L. N. JOHNSON AND CARL RIEDELBERGER.

THESE MUSICIANS, ALL OF THEM MUSICOVERS OF DULUTH, WERE DOWN ON THE PROGRAM FOR THREE IMPORTANT NUMBERS, THE FIRST BEING "THE BIRD SONG," A DUET BY LACHMUND AND FIENSTADT.

THE NEXT NUMBER WAS THE ANDANTE FROM THE "PILGRIM," A DUET BY LACHMUND AND FIENSTADT.

THE LAST NUMBER WAS THE "PILGRIM," A DUET BY LACHMUND AND FIENSTADT.

THE PROGRAM WAS WELL CHOSEN AND THE PERFORMERS WERE ON THE PROGRAM A THOROUGH SUCCESS.

---OF---

St. Louis County, Minn.

FOR THE

**Year Ending
January 3rd, 1898.**

OFFICE OF COUNTY AUDITOR,
St. Louis County, Minn.

Duluth, Minn., Jan. 3d, 1898.

To the Honorable Board of County Commissioners of St. Louis County, Minnesota.

Gentlemen: I herewith submit a statement of the receipts and disbursements of this county during the fiscal year ending January 3rd, 1898, and the assets, liabilities and balances in county funds on said day.

Yours Respectfully,

O. HALDEN.

County Auditor.

EMINENT DOMAIN

Charter Commission Considered That Branch of New Charter Last Night.

NO ACTION TAKEN

Local Improvements and Assessments Will Be Topic Next Monday Evening.

Though there was less than a quorum at the first special meeting of the charter commission last night, it was decided by those present that owing to the amount of matter yet to be done it would be inadvisable to let the opportunity for work pass by, so the commission took up the subject of eminent domain and local improvements and assessments, for its first reading. The title, which is the longest in the new charter, is divided into two chapters, the first relating to eminent domain, and the second to local improvements and assessments. The first chapter, relating to eminent domain, was so long that it was not possible to read it in its entirety, but when the commission had read the first part of the chapter, it was decided to postpone the consideration of the remainder of the chapter to the next meeting.

The chapter gives the city the right to acquire by condemnation, proceedings any property, corporate or individual, that may be needed for public use. The commission is without authority to take the property. The city is empowered to levy assessments on any property owned by individuals, corporations, or partnerships, for the purpose of improving the same. Where the property is owned by a corporation, the assessment is to be levied on the corporation, and where the property is owned by an individual, the assessment is to be levied on the individual. The commission is to determine the amount of the assessment, and the city is to collect the same.

The commission of public works must submit an annual report to the city council, showing the progress of the public works, and the amount of money expended thereon. The council is to have the right to disapprove the report, and if it does so, the commission is to be dissolved. The council is also to have the right to remove the commission, and if it does so, the commission is to be dissolved. The council is to have the right to appoint the commission, and if it does so, the commission is to be dissolved.

A letter received today from Charles F. MacDonald says that he is getting along finely. He was able to walk around his room yesterday, which is a good sign. He is now in the hospital, and is being treated for his injuries. He is expected to be discharged in a few days.

Judgments Are Entered.
In the district court yesterday, Marshall, Field & Co., of Chicago, were given default judgment against Julius Markus for \$25,000, and the J. V. Farwell company for judgment for \$25,000. The National Park bank of New York also secured judgment against the West Duluth Investment company in the sum of \$25,000.

Costello Gets Bonds.
Yesterday afternoon Thomas Costello, the wide-gauge political spinster, who appeared in the courthouse yesterday in answer to a charge of grand larceny in the second degree, gave bonds in the sum of \$200 and was released. The bondsmen were George F. Davis and William Watson.

Who can fail to take advantage of this offer. Send 10 cents to us for a generous trial size of ask your druggist. Ask for Ely's Cream Balm, the most positive catarrh cure. Full size, 50 cents.

ELY BROS.
I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results—Oscar Ostrum, 45 Warren avenue, Chicago, Ill.

IRON COMPANIES FOR MITCHELL

Part of a Scheme to Obtain Control of the Next St. Louis County Legislative Delegation.

SELLWOOD NOW AT WORK

Mitchell Has Agreed to Use the Mayor's Power to Assist Their Cunningly Devised Plans.

There has been a great deal said during the present municipal campaign in regard to the corporations. The campaign of the Republicans has consisted of the manifestly untrue statements that the corporations have united in the support of Mayor Truelsen. The object of this has become apparent. It is the old story of the thief shouting "stop thief," to divert suspicion from himself. The theory of the Republican campaign has been to make the workmen believe that the corporations were at work for Truelsen and therefore they should vote against him on the supposition that any one that an employer might prefer the employee to the corporation.

But the News Tribune in its sudden-acquired hatred for corporations has neglected to tell of the important part that is being played by the two greatest corporations, viz, monopolies, in St. Louis county or the state of Minnesota. Reference is made to the Minnesota Iron company and the Lake Superior Consolidated Iron Mines, the corporate name under which John D. Rockefeller is doing business here.

It is an open secret that the Mitchell campaign is being carried on by the two great corporations, viz, monopolies, in St. Louis county or the state of Minnesota. Reference is made to the Minnesota Iron company and the Lake Superior Consolidated Iron Mines, the corporate name under which John D. Rockefeller is doing business here. It is an open secret that the Mitchell campaign is being carried on by the two great corporations, viz, monopolies, in St. Louis county or the state of Minnesota. Reference is made to the Minnesota Iron company and the Lake Superior Consolidated Iron Mines, the corporate name under which John D. Rockefeller is doing business here.

Indoor Baseball Matters.
The trip of the Company G indoor baseball team to the Twin Cities has been postponed. It was to have begun tonight in St. Paul, but the money has been lent for another purpose, so the games had to be put off. Arrangements have been made to have the games take place two weeks from today. There will probably be a game at the Armory in Duluth Monday evening, Feb. 7, between the Company G team of Duluth and the team of Minneapolis. The latter team has agreed to come to Duluth on a guarantee of bare expenses.

Colonel Is Pleased.
Col. Van Duzee watched Company G drill last night and after expressing his pleasure at the high quality of the drill, he said that the company, but of the whole battalion, he returned to St. Paul, where the band of the National Guard veterans is to be held tonight. Today several of the commissioned officers of the local companies left for St. Paul to attend the banquet and the business meeting, which takes place at the capital tomorrow.

Getting Along Well.
A letter received today from Charles F. MacDonald says that he is getting along finely. He was able to walk around his room yesterday, which is a good sign. He is now in the hospital, and is being treated for his injuries. He is expected to be discharged in a few days.

Judgments Are Entered.
In the district court yesterday, Marshall, Field & Co., of Chicago, were given default judgment against Julius Markus for \$25,000, and the J. V. Farwell company for judgment for \$25,000. The National Park bank of New York also secured judgment against the West Duluth Investment company in the sum of \$25,000.

THE FAIR,

28 and 30 West Superior St.

Elmer Mitchell for mayor it is a vote cast to exempt John D. Rockefeller from taxation. The issue is plain. The iron companies opposed Mitchell. Why? Because they can't control him. Then their opposition was passive; now it is active and determined. It would seem that two corporations of such immense wealth, one of which carried \$1,000,000 in bonds, and the other a bonus of \$1,000,000, would be able to manage their own affairs. But they are not satisfied with the present management. They want to control the city. They want to control the city. They want to control the city.

THEIR CAMPAIGN FUND.
It is a difficult task for any one with these facts before him, to guess where the money has come from to support the Mitchell campaign. The money has come from the iron companies. The money has come from the iron companies. The money has come from the iron companies.

HAPPY BOP GROWERS.
Cleveland, Jan. 28.—The high price of hops last year has greatly encouraged the hop growers in Sonoma county, and there will be a considerable increase in the acreage this season.

TOM JOHNSON SELLS OUT.
Cleveland, Jan. 28.—It is stated that Hon. Tom L. Johnson has practically sold out his interest in the big Consolidated Street Railway of this city. Mr. Johnson originally held between 12,000 and 15,000 shares of stock and was the largest stockholder in the company. It is understood that the stock has been absorbed by friends of H. A. Everett, the former president of the company.

BEFORE
long my throat was filled with sores, large lumps formed on my neck, and a horrible ulcer broke out on my jaw. I was cured by Dr. H. E. Hart, who resides at 221 St. and Avenue N., Galveston, Texas. He was three times pronounced cured by prominent physicians, but the dreadful disease always returned; he was then told that I was the only one who had cured him. I had a full cure of the disease, so that for more than six years I have had no sign of the disease.

HOT SPRINGS

out, and he was in a sad plight. After taking one bottle of S. S. S. he began to improve and two dozen bottles cured him completely, so that for more than six years he has had no sign of the disease.

Book on the disease and its treatment mailed free by Swift Specific Co., Atlanta, Ga.

THE PACIFIC COAST.

Several Duluthians Are Doing Well Out There.

Charles T. Fitzsimmons, of the Fitzsimmons-Derrig company, is back from an extended Pacific coast trip, which embraced several thousand miles of rambling in the fruit-growing valleys of Oregon, Washington and other places. While it is too early to prophesy anything about the extent of the fruit yield this year, the prospects are that it will amount to a large number of new orchards will come into bearing. Mr. Fitzsimmons says that he heard an interesting rumble about Klondike after he reached the Pacific slope, and that thousands are rushing to the sea ports and taking the first steamers for Alaska. This Klondike excitement has given an impetus to a large number of evaporating plants where all sorts of evaporated fruits, soups and vegetables are put up in condensed form for the intending arcticists. Four ounces of the condensed soup will make a hearty meal for six men, and there are vegetables put up so compactly that a half a teaspoonful will make a meal for a miner. Mr. Fitzsimmons saw several Duluth people out there. Ellsworth, a trade publisher, is doing well. A. M. Kilgore is out there and will probably remain, and there are several others doing quite well.

EPISODE OF CONFEDERACY.

A. A. Harris Will Lecture at the High School.

Col. A. A. Harris will give his lecture, "A Walk of the Confederacy," at the High School Monday night, Feb. 7, for the benefit of the Salter memorial fund. The net proceeds are to go toward the movement to keep green the memory of the late Dr. Salter. The lecture was delivered in Superior recently, and it met with great success. There is a pathetic incident of the late rebellion from the side of the Confederacy. Many have told stories of the Federal side, but this episode of the Confederate army is not only interesting but new. It will be given under the direction of a committee consisting of W. H. Smallwood, A. C. W. Kugler, Luther Mendelhall, E. W. Grady, E. R. Cobb, Ellis E. Redd and Dr. George C. Gilbert. Tickets for the lecture will be on sale at the counting room of the News Tribune and The Evening Herald, Kugler's drug store, Lyeum drug store, Chamberlain & Taylor's book store, H. E. Smith & Co.'s drug store.

THE MITCHELL FROSTS.

Great Aggregation Played Double Engagement Last Night.

The Mitchell meeting at the Bethel Wednesday night did not come off because, so some of the colored orators said, no beer appeared, but last night, by permitting such blue-blooded whites as J. W. Reynolds and John H. Norton to appear with D. H. Saunders, the alleged son of a Senegambian king, directly descended from Othello, the Mitchell management felt warranted in opening the doors and turning on the lights.

John H. Norton, the renowned facial contortionist, opened the specialty number. He had an appeal to workingmen and went back on all his past bloody shirt, high-trait and sing-song, and in the closing ceased bending and chunks of white plaster, and dropping onto the dusky heads of the colored brethren.

Mr. Mitchell himself was the next speaker. He is improving, for his speech last night was fully a third longer than here's what he said to the intelligent voters of the Fourth ward: "I came here tonight, and becoming acquainted. I know as well as my opponent that I am not much of a speaker. My opponent has been busy for the past few days selecting my chief of police. I wish to say to you, chief of police, per will I select one my own choice. I wish to say to you, chief of police, per will I select one my own choice. I wish to say to you, chief of police, per will I select one my own choice."

Mr. Mitchell himself was the next speaker. Fallen through the Platform

Slightly disfigured but still in the ring. Some politicians fall through their platform and come out at the bottom black as a raven. Why do they? Because they commit a crime at the wrong end. White-washers are surprised when they realize they have pulled the wrong string and they are repaid with a long nose, that is, it is impossible to get pure water out of a slough. Get a filter, use "Viking Soap" and keep clean.

Special for Saturday and Monday:

"Viking" Soap, 10 bars for 25c
"Viking King" Soap, 8 bars for 25c
"Floating Viking," 10c size for 5c
Limit 5 bars.
1 bottle Ammonia, 10c size for 5c
Limit 2 bars.
Satinet Soap, 12 bars for 25c
1 cake Sapelle 10c
1 Scrub Brush 5c
1 cake Scrubine 10c
1 Viking Broom 15c
Limit one of each.
1 lot Black Crow Stove Polish, 10c size 5c
Sal. Soda, 4 lbs for 5c
Grandpa's Tar Soap 5c
Big bottle Bluing only 4c

Don't feel Blue when you can buy goods at such prices. Shine up, brush off and sweep out and do not forget Monday is washing day.

AN ODD FATALITY.

An Old Duluth Resident Killed
By a Very Peculiar
Accident.

Bernard F. Lynch, an old time resident and business man of Duluth, died on Jan. 26, New Whatcom, Wash., from the result of an accident. He was 34 years old and leaves a wife and five children. On the afternoon of Jan. 19 he was endeavoring to adjust a window in his apartment in the Byron house in New Whatcom and he stood on a rocking chair to facilitate his work. He suddenly lost his balance and plunged through the window striking his spine in such a manner that he became unconscious at once and remained so until death ensued, some ten hours later.

Mr. Lynch lived in Duluth in the early '90s, and was widely known here as a prominent logger. He also ran the stage line between Duluth and Lake Vermilion prior to the advent of the Duluth and Iron Range road.

He left Duluth for the Pacific coast, where he attained prominence in logging and lumber cities, owning his own mills and large timber tracts. His headquarters were at Saxon, Wash. He was a brother of Edward Lynch, of this city, and has many friends who will be shocked to hear of his untimely death.

UNION RINK.

Fine ice. Music every evening.

McIVOR-TYNDALL.

Large Crowd Expected at His Entertainment Tonight.

Tonight there will be a unique attraction at the Lyceum theater, when Alexander J. McIvor-Tyndall, the noted London wonder, will appear.

Dr. McIvor-Tyndall, while he enjoys an enviable reputation as an authority on psychological subjects, is also an entertainer par excellence and his program of mystery is so arranged as to be amusing as well as interesting and mystifying.

Wherever he has appeared he has received the most flattering notices of his marvelous entertainments.

The following is an extract from the Minneapolis Times in a column review of Dr. McIvor-Tyndall's wonderful work: "Dr. Alex. J. McIvor-Tyndall, the noted London psychic, can certainly claim the distinction of being 'clairvoyant' and the rest nothing." The doctor began an engagement at the Bijou last night before a very large audience and took a dive into the occult that was simply marvelous. He is a man of unswerving faith and is able to hold his audience every moment.

"Tonight the doors of the Lyceum will be open at 7 p. m. and the entertainment will be given at 8:15 and no one will be admitted after that time."

THESE ARE WITH HIM

A Few of the Corporations Which Favor Elmer Mitchell's Election.

MITCHELL'S RECORD

How He Delayed the Building of the Lake Avenue Viaduct.

The News Tribune this morning expresses a desire to know what corporations are supporting Elmer Mitchell for mayor. If it had the disposition to do it, the News Tribune could answer this question fully and satisfactorily. It knows that practically every dollar of money that is being spent so lavishly in this campaign by the motley crowd that is marching under the liberal banner of Republicanism and shouting "down with the corporations" is furnished by these self-same corporations.

Mr. Mitchell was a member of the city council, a supporter of the Plunkett franchise, and the Hartmans, the owners of that franchise, are lending their support, through their friends, to his candidacy for mayor. The controlling and political spirit of the Commercial Electric Light and Power company is openly in the field for Mitchell and is one of the chief advisers in the councils of the Mitchell campaign committee. All of his time is being devoted to the campaign.

The telephone company wants a new charter and its subscription to the Mitchell campaign is a liberal one and its officers are covertly aiding in his campaign by their personal influence. But perhaps the most effective corporation assistance which Mr. Mitchell is receiving comes from the men who have always controlled the policy of the city. It is known to them that their personal influence in favor of any candidate for a local office, when used openly, is retroactive, and so they have taken pains to pretend that they are favorable to the election of Mayor Tiedeman. This pretense has been used among workingmen as an argument for them to support Mitchell.

The corporations have been very "foxy" in this campaign. They have kept under cover and have not made the open action of the political representatives of the iron monopoly combine is sufficient to buy the influence of a fair minded man as to where they stand. The corporations are always "foxy." They never divided. They know absolutely what men can be depended on to do their bidding. If they were not supporting Mitchell they would not now be a slush fund at the disposal of the Republican committee with which to buy the influence of professional politicians. There is no doubt as to who the corporation candidate is for mayor in this fight.

HOW MITCHELL STANDS.

As a "Friend" of Labor and on Viaduct Matter.

Those who are doing the talking for the so-called candidates among the other fake pretenses by which they are trying to round up the people for the corporations, have raised the cry that the young man afraid-of-his-horse is the choice of the laboring men.

They have raised a great howl over the arrest of one of the men who was working the Lyceum boycott two years ago for distributing a tract and champion of the theater. They point to the incident as proof of the assertion that the hard handed son of toil, Monroe Nichols, and because of the sympathy that the Nichols-Benham crowd, Mitchell's ally, has developed for the man who was arrested two years ago at the event, the laboring men are asked to accept as their friend and champion the automaton that Monroe Nichols, Ellsworth Benham and Joseph Sellwood have set up for mayor.

The man arrested, the martyr for whom are all these belated tears, is F. A. Schulte, a prominent member now, as then, of organized labor. The air has been so filled with the value of that hard handed son of toil, Monroe Nichols, and his crowd of claqueurs over the indignity offered organized labor, as represented in the person of Mr. Schulte, by the construction among the Mitchell gang by the arrest of one of their number to write the following letter:

To Members and Friends of Organized Labor.

It appears that the Elmer Mitchell managers have been trying to stir up the passions and prejudices of the members of organized labor against Mayor Truelsen, on account of the Lyceum boycott incident of about two years ago. I wish to state that I, the undersigned, was the principal actor and chief sufferer in that affair, and that I must stamp this effort to lay the blame upon Mayor Truelsen as unjust, unreasonable, unfair and a deliberate attempt to mislead labor votes. Mayor Truelsen gave us every consideration during these troubles he could give us, and I am satisfied it would have proven greatly to our advantage.

If any one has any complaint to make against Mayor Truelsen, let him come to me and I will find with Mayor Truelsen or his administration policy. And I hope my friends and the friends of organized labor will take the same fair and liberal view. Moreover, Truelsen's friends, in their convention, gave organized labor the first and only unqualified recognition we have ever received at the hands of any political party in this city. Messrs. McEwen and Ferguson were upon the committee on resolutions. The resolutions were adopted in their platform without change or dissent. Five of the candidates on the Truelsen ticket are from our ranks. On the city committee backing Truelsen's campaign, are six of the best known members of organized labor.

On the other hand the labor part of the Mitchell platform seems to have been taken from the Truelsen platform with a few little alterations to suit themselves. Mitchell's platform pledges the city to the support of the "labor" only when it would not be "injurious to other interests." This is a nice loophole for these pretended friends of ours to crawl out of.

There is not a labor candidate on the whole Mitchell ticket, and we have no friends on the committee backing him. Our hope is to support Mayor Truelsen. The attempt to have Mitchell elected to win the labor

The Last Call to the Power's Bankrupt Sale!

And it will be one of the biggest of this great sale. No one ought to miss the last chance to secure the last and by far the best bargains of this Bankrupt Sale. In recognition of the liberal patronage given us during this sale, we shall make the last day of the sale of special interest to the people at the head of the lakes by offering all remaining short ends and small lots of goods at a further reduction in price.

You Can Buy Goods at Your Own Price Tomorrow.

If you want the bargains of your life come tomorrow to Power's store. We want every lady there to share the bargains of our lucky purchase. Silks, Dress Goods, Cloaks, Millinery, Blankets, Linens, Hosiery, Underwear will be put down in price for the last day of the Power's Bankrupt Sale. Be there and don't miss it.

I. FREEMUTH, Prop.

bluff had to be made, a resolution was reported from Mitchell's committee directing the board of public works to prepare plans and specifications for a viaduct and report to the council.

Strong pressure had been brought to bear, and it had been intimated that if Mitchell's committee did not report such a resolution the hall would be set rolling from another quarter. If this were done there was the possibility that a special committee might be appointed, and it would thus get out of Mitchell's control, and so, to keep his paws on it, he introduced the measure.

On Sept. 3, 1895, the board of public works transmitted a profile and specifications to the council, and on the same day a resolution was passed instructing the bridges and viaducts committee and the city attorney—Judge Cant was city attorney then, by the way—to "open negotiations with the railroad companies interested in the viaduct, with a view to reaching an agreement regarding the construction of the viaduct and to report to the council." On Oct. 28, 1895, the committee made a report. The report would have made a dog laugh. It was to the effect that the committee was waiting for the Northern Pacific, the Northern Pacific, mind you—to act for it, and that the other roads were waiting for it, and that there remained to be done about what the committee had been instructed two months before to do.

On Nov. 18, 1895, a petition from a number of business men and citizens was received, asking for the immediate construction of the viaduct. This petition was assigned to the tender measures of Alderman Mitchell. On the same day, his committee reported that, "Whereas, the construction of the viaduct would constitute the expenditure of \$30,000 of city funds, the matter be postponed indefinitely." There was no report of any negotiation, no statement as to how that sum had been arrived at, no anything.

In view of the reading of the charter, the statement that it would cost the city \$30,000 or any sum was unwarranted. Chapter 8 of the charter provides in the seventh paragraph of the enumeration of the powers of the council, that it has power to "require railroad

companies to construct at their own expense such bridges, tunnels, etc., at railroad crossings as the council may deem necessary." How was it to cost the city \$30,000?

On Nov. 25, 1895, Alderman John Nelson, who was absent the preceding week when the resolution to postpone passed, got the resolution taken from the table and recommitted to the committee. All of the members of the council but two voted for Alderman Nelson's motion to recommit. Those two were Alderman Mitchell and Ash. From then until Alderman Mitchell went out of office, about four months later, not a peep was heard from his committee on the subject.

THE SENGAMBIAN.

The Colored Orator Got No Money From Truelsen.

Some of the flossies thrown up by the great "moral wave" that John Norton says is sweeping over the community for Mitchell, is one D. H. Saunders, a gentleman who claims to descend from a long line of Sengambian kings. He has certainly descended a long way. He lifted up his voice at the Bethel last night for morality and cried against "hoodlums." Mr. Saunders is amply qualified to speak on "hoodlums," for he knows something about it. Witness this letter he wrote to Mayor Truelsen on Tuesday:

"Duluth, Minn., Jan. 25, 1898. Hon. Henry Truelsen—Dear Sir: I called to see your honor, but you were not in. We are going to have a rally Saturday night, and I have secured the city's indorsement for you. Now owing to the fact that our expenses will be somewhat heavy, as I intend to have beer and cigars on hand, kindly assist us by sending me a check for ten dollars (\$10) to help out. Your faithful lieutenant, D. H. SAUNDERS."

"No. 20 East Second street or Spaulding hotel."

Mr. Saunders was informed by the mayor that he had no corporation money to spend and Mr. Saunders quit the game. He seems to have struck a place where there was corporation money, and judging from his energy last evening in the cause of morality and reform, a good deal of it. The resolution Mr. Saunders alludes to in his letter he tore up, and in place thereof he drew up, introduced to himself, and passed by an unanimous vote of one, a resolution lauding Elmer Mitchell, the automaton, which resolution he pinned off on Mr. Mitchell as the spontaneous expression of a large club of which the Sengambian prince claimed to be a member.

BON TON BAKERY.

Why bake at home when we have every thing that one could wish for at prices within the reach of all.

Irish Bread.....	5c
Home-made Bread.....	5c
Fruit Squares.....	5c

25 West Superior St.

Open Sundays.

A Patent Decision.

The formal decree in the case of the Pillsbury-Washburn Flour Mill company against the American Wired Hoop company, involving an infringement of a patent by the defendant, was received from Judge Lockren this morning. The decision was handed down some time ago. The infringement was on a patent on printing on barrels.
